The City of Bay Minette now requires that any person that is doing **Fire Protection Equipment** work must first obtain a permit from the fire department before performing work. This requirement is to protect you the consumer of these services in getting a legitimate company that is trained in the field they are working. **To protect your investment ask the company if they have a permit from the fire department prior to them starting work.** The fee to the company is \$50.00

Minimum size extinguisher required is 10 LB

Bay Minette Fire Department Does not recommend any particular company, and there are other company's that can serve your needs this is a list of some examples, and may or may not be permitted to work in the City.
