## We Present

It is with a feeling of anxious pride that we present this 195()-51 "Dear Diary" edition of the BALCOALA. In it, we have tricd to portray the best of our school-the working, playing, sharing, laughing, and perhaps even a little crying that have made up our school year. We have made a special effort this year to give better work of school coverage, to improve our copy, and to take more representative snapshots; the "IDear Diary" theme was used to promote continuity throughout the book.

To you, our readers, we hopefully present this, the fruit of all our toil, with the sincere desire that it will bring to you fond memories of the years gone by.

In recognition of her cighteen
years of service, and as a
tribute to her constant inspiration to the students of the Baldwin County

High School during these years,
We respectfully
dedicate to
Mrs. Mary A. West, our teacher and friend
the 1950-1951 Balcoala.

Dean Disuy,

MARION MONT(OOMERY—B.S. Auburn (Agriculture).

## The Iaculty

On this and adjacent pages have been set forth the administrative officers, the faculty, and something of what is in the curriculum at Baldwin County High School. These administrators have planned a well rounded educational program and provide a congenial environment for the selfless service of the faculty in putting this program into effect. All have worked together faithfully to provide for the students a school which not merely dispenses knowledge but which teaches a way of life, a way of abundant life.

The library contains around three thousand volumes. Books have been circulated at the rate of five hundred per week. Books, magazines, and supplies totaling five hundred dollars in value have been purchased this year. With a student body numbering seven hundred, the number of magazines and books, especially fiction, is inadequate. The library program includes orientation for all Junior I classes through the cooperation of English teachers and the library staff. Special reference aid is given science and social studies classes. "The Readers' Guide to Periodical Literature" is available to students and the general public.

Left: MRS. JOYCE MORRISFTT-A.B. University of Alabama (English). MR. WILF()RI) E. NEALEY - B.S. Livingston State Teachers College (Commercial and Driving). MISS (iLAI)YS NICH(ILS-B.S. ard M.A. University of Alabama (English).

STUDYING IN THE LIBRARY ARE: FARMER, LONG, BRYARS AND LITTLE

Below: CHARLES A. SWANSON-B.S. Auburn (Director, Diversified Occupations Program). MRS. MARY A. WEST-A.B. Morningside College, lowa; University of Alabama (English and French). MRS. FRANCES STUART-B.S. University of Alabama (Home Economics). MRS. INEZ ZEHNER - Mabama College (Science and Social Studies).

Vocational home economics is an clective course offered in the tenth, cleventh and twelfth grades and gives one and a half credits per year. The purpose of the three year course is to improve home living. It includes units of personal appearance, relationships, clothing, foods, child growth and development, and home care of the sick and first aid. Here Joyce Ballard, an "old hand," shows an admiring group of less expert cooks how to make a cake.

One of the most helpful phases of the home economics learning is the home projects. Each girl selects a project that interests her and, using the knowledge gained in her class work, carries it out in her own home.

The science department of B.C.H.S. requires all junior high school students to take general science and health, and offers to the students in senior high biology, physics, chemistry, and mechanical drawing. Most of the fifteen percent of the students who attend college take one or more of these sciences, as they are requisite in enginecring, medical sciences, nursing, dietetics, technical courses, and general college work. Here Miss Leonard explains one of the biology displays to the class.

The mathematics department of B.C.H.S. includes some course for each of the six grades. Junior high school arithmetic is a required course, but in senior high school all the math is elective. Algebra is offered for two years, and geometry for one year. There are also large classes in bookkeeping, for those interested in the commercial side. The algebra and geometry classes do much practical work, as well as learning the fundamental laws of these subjects. A class in mechanical drawing is offered for those who have unusual skill in drawing mathematically correct figures. Here a second year algebra class is shown in the study of graphs.

This is the typing department. It is possible for 245 students to take the typing course. The first year typist should have a general knowledge of the typing of personal themes, essays, business letters, tabulation, and various forms. The advanced course is more specialized toward office work.

Shorthand is primarily an offico preparatory. At the end of the ycar a student should be able to take dictation varying from a speed of 80 words to 150 words per minute.

Bookkeeping trailns the student to keep personal records for himself and for the family, and also to keep a set of books for a business concern.

The music program in school is designed to make music available to all pupils who are interested. In junior high there is a mixed chorus. Pupils enrolled in this have a part of the year given to the study of music theory and general music appreciation. Music for the senior high pupils includes a mixed chorus and several smaller ensembles-namely a boys' quartet and girls' sextets and trios. This work is under the direction of Miss Nell Gardner, shown here leading the Senior Glee Club).

In addition to the choral music program, private lessons are available for the piano and all band instruments.

The democracy class strives at all times to impress the student that he is free to do and think $\mathrm{a}^{5}$ he pleases, as long as it does not interfere with the rights of others. He studies the problems of a democracy and sees that there are two sides to every problem. Through debates he is enabled to present these different biewpoints. With the aid of a trip to court he was able to see that he should not pass judgment until all of the facts were in. Later, as is shown here, a court was set up in class, with all the officials, lawyers, witnes ${ }^{\text {ses }}$, and the defendant.

Economics brings the seniors face to face with the problems that they, as a consumer, and a member of a family unit, will have.

English and Literature are required subjects in the B.C.H.S. curriculum. There are five English teachers: Mrs. Morrisette and Mrs. Durant in Junior High, and Mrs. West and Mrs. Smith in Senior High, Miss Nichols having both Senior and Junior High work. They strive to give their students a command of the essentials of good English, especially sentence structure and diction, and to give them an appreciation and understanding of the hest in literature. The students learn to diagram sentences, write themes, essays and short stories, as well as to read and enjoy Shakespeare, and many other old masters and modern authors also. Sometimes a play is dramatized in class, and often there are oral reports. This trains the pupils in correct diction and helps to develop poise.

Dear Diacy.
It is rescly slortling to realye that there are ones 70.0 studento is the cornbind junier and sexios hiege stiekent body, eack one an individual, with his ous thougt, his ous indides peculiarition, his oure anditi.s. joys, and sorruas.

## Snaps

Budding mathematical geniuses are given their chance to shine in the geometry class when the teacher selects one of the students to explain the solution of problem to the rest of the class. Here, Balford Thompson in the process of budding

A fair trial, the very essence of American Demo racy is studied first hand by the Democracy class at BCHS. This visit to a court in session is fol lowed up by the setting up of a mock court in class Thus it is that the seniors obtain a real working knowledge of the U'. S. judicial system.

Debating teams were organized in the Democracy class as an incentive to study and to develop the ability in the students to think on their feet.
of the Seniors

Senior Lunchroom Staff. Mrs McDill, Flossie Morrow, Mitzi Forte, Marie Little, and Eileen Peterson. This year, the Senior Class mate about $\$ 800$ profit on the lunchroom.

Being measured for caps and gowns are Rita Thomley, Poochie West, and Balford Thompson. Mrs. Chancellor takes the measurements. Being fitted with cap and gown made each senior feel that after all his schooling, be was finally going to graduate.
"What are you good for"? Sammy Crane asks Robert Jaye. The Ruder Preference Test was given to all membors of the Senior Class who desired help in selecting their vocation. From the book in Marie Little's hand, one would judge that her test indicated a preference for clerical work.

The Junior-Senior Prom included a program of games, dancing, a skit, and singing.

# The Culmination of Grade School.. 

## Senior Memories

Senior Class! Seniors! Oh, what a delicious and soul satisfying sound these words were as we gathered that September morn which was the first day of school. It seemed a little hard to visualize the eleven years that had gone before, the classmates who had moved to other towns, and even our most beloved teachers had faded in our memories; but after all, we were not to be blamed too much for this, for we were at the threshold of our last year in high school, and were looking forward with great anticipation to being the 195()-51 Senior Senior Class at Baldwin County High School.

Many of us had been in the class from the first grade; others had joined further up the ladder; in our class's seventh grade year there was a group of students from Stapleton, White House Forks and Cross Roads to join us. Again, in the ninth year there were newcomers from Gateswood, and in our class's sophomore vear there was a large influx of students from Perdido and Stockton junior high schools. Minus the drop outs, we had a graduating class of seventy-one.

But we had little time for dreaming as we plunged headlong into the rounds of classes, football games, homework, and the thousand and one attendant details. It really made us feel the part when we worked in the Senior lunchroom. And what a thrill it gave when Mr. Daniel's wrote on the board "Rings are here"! Then there were the school Who's Who elections and the election of class officers. We are proud of our Who's Who winners, and the leaders chosen. Allen Hayes and Anna Lyle West were polled by the school as Mr. and Miss BCHS. Events moved so fast that we had difficulty breathing, and when we did, the chemistry class had "perfumed" the air so that it was hardly worth the effort! Before we knew it the mid-term tests were on us, and then school was out for the Christmas holidays.

Back from the holidays, everyone sported his gifts. The pace was comparatively tame for a while, with only a few class meetings to select our invitations and class colors, and to vote Mitzie Forte as Good Citizenship Girl. Things began to pick up during February with Mardi Gras (oh, my aching feet!) and the whirlwind magazine sales contest. Even though our class is considerably smaller than last year's, we topped it in sales, so that our total profit for the year, including that of the lunchroom, was $\$ 1056.79$. With part of this money we bought two water coolers, and contributed the remainder to be used in constructing a cement walk between High School and Grammar School. Of course, during these activities there were the basketball games, and during March, the contest for May Queen, which Yvonne Quinley won, although the choice between her and Emily Ruth Hammond was extremely difficult.

On April 3, a group attended the annual Beta Convention in Birmingham. It was an honor for the school that Allen Hayes served as state vice-president of the Alabama Betas. While thus gathering momentum, the events of the school year were frequently punctuated by the loud bang of (no, stupid, not gun fire!) Balford and Sam's "strip down." What a sense of importance it gave us to miss classes to be talked to by representatives from the various branches of service, the F.B.I., and college officials; then, we really knew we were going to graduate-we elected our speakers for graduation exercises. From then on there was no doubt-the mad rush of parties, the prom, picnics, dances, sending invitations, presents, practice for graduation, getting our caps and gowns, final exams-there was so much to do and so little time in which to do it. And suddenly, we hardly knew how, we were sedately treading the aisle and respectfully listening to Rev. Seidentopf render the Baccalaureate sermon. The Monday night after that Sunday afternoon we sat with feelings of joy and sadness intermingled as the graduation exercises progressed, and then, one by one, we received our diplomas; we were no longer high school kids, but high school graduates.

## For Seventy-one Individuals

Moonlight and Roses, softly sings the sextet of Bobby Juan. Mary, Joyce, Julia, Patty, and Caroline as Miss Cardner accompanies.

The traditional principal's ad dress at the Juntor-Senior Banyuct is detivered by Mr. Danichs. In kecping with the bancuet theme, he gave "Adrice from an ()ld Garelner" which was filled with suggestions on how to "cultivate" a happy, proluctive life.

The Biggest Wheel, AIV.I BUSH, President of the Senior Clas

# Juniors Stage The Prom 

CLASS OFFICERS

Lowhell Walker
Calvin Coots $\qquad$ Vice-President

Perry Fuster $\qquad$ Secretary-Treasurer

The Junior Class of B.C.H.S. considers the year 195()$-51$ an exceptionally fine one! Why so? Because it has "done itself proud" on the way it met its responsibility in carrying out the Junior-Senior Bangeut and Prom. Whatever the other activities may be, the number one project for this class is always this affair, as is well known.

This year, as in years past, the money was raised by the sale of pencils, paper and notebooks. This money, together with the hard work and cooperation of each member of the class, all went to the realization of a very memorable banguet and prom.

The banguet was held at seven oclock on $\Lambda$ pril 13 in the (irammar School Cafeteria. This was decorated to resemble a rose garden. The entertainment during the banquet was furnished by Miss Nell (bardner and a group of glee club students. After Mr. Daniels had given the traditional principal's address, Doris Pugh made a toast to the success of the Seniors; Mitzie responded with a toast to the Juniors. Mothers of some of the junior students served the dimmer.

Immediately following the banquet, all retired to the beautifully decorated duditorium. Who could help dancing to the music of the school orchestra directed by "Bootsie"? Punch was served to the guests during the evening, with couples of the food committee serving "in turn."

It will be a long-remembered occasion-by the seniors and by the members of the sponsoring class.

Stuck in the mud is Fthyl Van Dokc The mud was terrible while the roads were being paved.

## Sophe Enjoy The Hop

"Hot I ogs! I lot Dogs! (iet them while they're hot!" This was the cry with which the Sophomores opened their year of activities. At each football game active salesmen shoved hot dogs down unsuspecting throats in order to raise money for the highlight of their year, which was the traditional Sophomore Hop. This big event was held on December 15 th. The theme this year was "Christmas Bells," and it was carried out by the decorations, programs, and songs which ended the evening. The Sophomores had something new at this year's hop-a queen, or, as they called her, the "Belle of the Ball." Miriam Fowler was chosen for this honor and she made a lovely belle. They also had the school orchestra which added zest to the already enchanting evening.

After Christmas we found that many of our girls had found men in their stockings and soon became married women.

The annual trip to the gulf concluded the Sophomore's year of fun and study at the ole Alma Mater.

Their freshman year over, the future sophomores look back on a pleasant year. At first they found it hard to adjust themselves to the changing of classes every period, but by the end of the year they linally got into the swing of things.

Naturally the three sections elected class officers. I lowever, it seems that only one section had a chance to use their treasurer for anything lesides jokes; that section won the attendance prize every time at P.-T.A.

Mid-term exams rolled around and everyone studied like mad. Who wanted to be a freshman again?
Final exams over, wo of the sections went to the (iulf and the other one went to Little River State Park to cele brate the close of a successful freshman year. Next year they will look back and remember when . . .

## Eighth Grade Students

## -Active in School Affairs

The Eighth (irade Class consists of one hundred and thirty-five enthusiastic and lively boys and girls.

This class is proud of its students who won the Junior Who's Who. It was a well deserved tribute for each one and in each case reflected honor on the class.

The loos who made the junior basketball team did a swell job, and everyone hopes they will be able to make the team again next season.

There are fourteen members in the band from the Junor II Class. These members seem to enjoy their lessons and band practice, and, most of all, the band trips.

The picnic at Little River State Park was a great soccess. The swimming was fine and so were the eats; so much, in fact, that no one was ready to leave when the time arrived.

This has been a happy year for the eighth graders and they will be looking forward with great anticipation to the following year which will be their last year in Junior High SChool.

## Seventh Graders Enjoy

 Christmas PartyAlthough the Seventh Grade Class has had an uneventful year, it has been a very pleasant one.

Various members of the class have participated in many of the school activities. Several Junior I students are members of the band. Others are in the Junior (ilee Club and still others in the Library Club. Several boys made the basketball team.

The class has enjoyed various occasions and happenings throughout the year. The Christmas party, at which gifts were exchanged, was a happy affair. The Wednesday morning assemblies were always anticipated with pleasure. There were also the regular football, basketball and baseball games.

All these activities made each seventh grader have a most memorable first year in high school.

## Betas Organize a County Council

The Beta Club is an organization composed of honor students for the purpose of promoting the ideals of leadership, fellowship, and service. Bay Minette's chapter has an enviable record; not only has it sponsored the school yearbook for the past five years and promoted the objectives stated above but has in this five year period had two state presidents and one state vicepresident. This is a record unequalled.
This year, as in years past, its main project and its most outstanding accomplishment has been the publication of the school yearbook upon which these words are written. Another notable project this year has been the organization of a county Beta Council. The purpose of this is to unify the four Beta Clubs in Baldwin County. Through the annual it has sponsored such events as the May Queen festivities, Mr. and Miss BCHS election and dance, the Who's Who Elections and various assembly programs for tapping new members and the sales promotion of the annual.

Members attending the State Convention at Birmingham were acquainted with the work of Betas over the state and nation; of course everyone made many friends. All were proud of Allen Hayes, State Vice-President, as he presided over one of the meetings. Before the year ended there was a Beta Club pienic which, unfortunately, was rained out.

Betas sing at the convention. Although quartered at the Molton Hotel, the convention obviously believed that slep was a thing to do when at home, and therefore did not devote much tine to
such a non-productive activity.
Convention bound! In the band bus are Betas from Bay Minette and Fo

## B Club Initiation Top One of The Year

The athletes looked foolish when they were initiated into the Baldwin County High School "B" Club. (On that cold, wintry day in December, all the football players who had earned a letter in the preceding season came to school dressed in an outlandish costume-many in short pants, many barefooted and some in both short pants and barefeet. ()nce in school, they contributed to the enjoyment of all and sundry by giving performances as singers, dancers, and even went so far as to run a barefoot race on the freshly slagged road. Four - Bradley, Mills, Powell, and Walker-served very capably as cheerleaders at the basketball game that afternoon. In between all these activities the "rats," as the initiates were called, were required to sell paddle-licks to the students and teachers for a nickle a swing, the money going into the club treasury.

The " $B$ " Club is an organization composed of those athletes who earned their letters on the varsity football squad; as may be seen from the initiation described above, the club had a comparatively successful year.

## Camera Club Has Several Outings For Picture Making

The Camera Bugs of B.C.H.S. have had an adventurous and successful year. Photographic techniques and improving their development have been projects this year. Although it seems that the dark room has been used to develop more than pictures, the club has still managed to keep it in working condition.

Many of the members of the club enjoyed a picnic in Stockton at Hastie's Landing. Since some of the girls were unable to paddle back to shore, they had to be rescued by the "Tarzans" of the Camera Club. Everyone was thrilled by the boat rides with the exception of Miss Leonard, of course! Later the club enjoyed another picnic, this time to the Gulf. Everything was rosy, including the sumburns.

The annual picture contest was a big event this year. Various pictures were entered under the classifica tions of animals, people, and scenery. Cecil Williams and James Mew were the winners of the contest. Many pictures taken by Camera Club members were placed in the Balcoala.

So the members of 1951 encourage all the future members to be alert, and to "watch the birdie."

## Science Club Sponsor Takes a Charge of 250,000 Volts

The aim of the Science Club is to create a greater interest among high school students in the field of science. In carrying out its aim last year, the club entered as a project a demonstration of the transmitting sound over light waves in the Alabama Junior Academy of Science Convention.

This year the club looked forward to the American Junior Academy of Science Convention where Boblbie Jean James entered a paper on "Bacteriology."

The convention was held at Birmingham Southern College. The "scientists" had the privilege of going on a field-trip to Southern Research Institute. There they saw many of the latest developments in the field of science. ()n a trip to the By-Product Coke ()ven, they saw how coke and its by-products were made.
()ne of the most interesting sights was when Miss Leonard touched a Van de (iraff generator (atom smasher) which had two hundred and fifty thousand, (yes, that is 250,000 !) volts groing through it. Brother! if you had seen her, you would still be laughing. Her hair stood up on end and looked just like horns!

Everyone is eagerly looking forward to next year's convention, which will be held in Mobile.

## Band Club Attends Music Festival at Troy

Two years ago the Band Club of B.C.B.S. was organized by a group of band students and the director, "Bootsie," for the purpose of easing the load of responsibility and details from the director. At this time. Septemher, 1948, the club had eleven members; it has since grown to the present membership of twenty-eight.

Near the last of March, "Bootsie" took a group of fifteen band members to the Music Festival at Troy State Teachers College. Since registration was to take place in Troy at 8:00) a.m., these lucky (?) people left Bay Minette that morning at the ungodly hour of $3: 30$. The experience of having audience with the famous band conductors and composers that were at the Festival was very educational for all and doubly so for those who played in the clinic bands.

To top off the events of the year, the club, along with the entire band, presented "Bootsie" with a new handmaster's suit, which was given to him at the band concert. Following the concert, a party was given for the band.

## Key Club is Organized at BCHS

No, it does not make, sell, or collect keys. Then what does it do, pray tell? Well, it is a service club whose motto is, "We Build." It renders service to the principal, faculty, and to the students.

Although not organized until late in the year it has undertaken and successfully set in operation a notable project, that being the vocational guidance program given to help the seniors decide on their career.

Key clubbists acted as gate keepers in the basketball tournament and in order to raise money for projects, a basketball team was organized. The Monroeville Key Club was the first challenger. Collecting old rags was another means of making money.

As in any other club, there was also time for fun. Not only did the members enjoy their Charter Night Bancquet, but they were also guests of the Murphy High School Key Club's Charter Night Banquet.

The members of the Key Club are grateful to the Kiwanis Club of Bay Minette, its sponsor, and to Mr. Daniels and Mr. White, for without their guidance and cooperation the Club could not be.

Strategists Sibley Ricler, Bobby Postma, and Lowell Walker confer wer notes.

Around the campus the club was just the F.H.A.'s, but nationally it is known as the Future Homemakers of America. As an integral part of the program of home economics in the schools of America, the club offers opportunity for the development of pupil initiative in planning and carrying out activities related to homemaking.

The biggest event during the past year was the F.F.A. and F.H.A. play in which both clubs took an active part, even in sharing the money. Instead of giving a party with this money the economical club members ordered tile for the Home Economics Department.

Other parties of interest were the holo and slumber party, a trip to the County Fair, and a cheerful Christmas party. Last, but not least, was the F.F.A. and F.H.A. square dance, attended by approximately sixty members and their dates.

The club wishes to thank its sponsor and officers who made it possible for another successful year in the Future Homemakers organization.

The year of 1951 has been a prosperous one for theBay Minette F. F. A. Chapter. As the result of good management and cooperation, the Future Farmers have netted returns that have increased their treasury.

The F.F.A. constructed concession stands of cement blocks so that they could sell drinks at the home games during foothall season. Finding a good bargain, the chapter purchased a registered Hereford bull in ()ctober, 1948. The Club's members have improved their beef cattle with this bull. Fred Dempsey of Bay Minette has kept him for the F. F. A. This year the F. F. A. is receiving from Sears, Roebuck and Company a purebred Duroc gilt which is to be given to Mabry Long. When this gilt farrows, two female pigs from the litter are to be returned to the chapter. These pigs will be given to two more F. F. A. hoys with the same stipulation.

Members and guests of the F. F. A. and F. H. A. enjoyed a square dance party on April 6. Cookies, punch, and sandwiches were served at the intermission.

## Librarians Enjoy Year Filled With Activities

Books! Books! Who has the books! The Library Club has tried to serve the students, to stimulate their interest in reading, and encourage their building home libraries.

As a part of its entertainment activities the club presented a delightful assembly program entitled. "The Thing," given in an effort to inspirt hetter care of the library and its facilities. Some members of the cluh presented a puppet show for the I).A.R. and (iirl Scouts. The plot was based on a chapter from the book Standish of Standish.

The constructive activities included the keeping of weekly bulletin boards, the building of new shelves, with the help of the F.H.A., and the mending and cleaning of books.

As a reward for this hard work, the club enjoyed a picnic at Fairhope.
Looking back over the tasks completed, the Library Club members consider this a most pleasant, and successtul year.

## Music Clublists Study And Play

The Beethoren Music Club started its year with the members being too energetic to think of anything except refreshments, but finally they setled down to listening and giving an interesting variety of programs.

The first program in ()ctoher was on various phases of music. Next came the program of the Waltz. Miss Carolyn I)ay gave the intriguing history of several well-known waltzes and also played some records for the attentive group. The following program, which was on Alabama day, featured compositions of Alabamians.

The Music Club then gave its Christmas party. Everyone enjoyed playing games, giving and receiving gitts, and eating the refreshments, which were delicious, as always!

The program in January was the (iuest Program. Miss I)ennis, who is the counselor of the club, presented her grammar school children in a playlet.

On Feloruary 7, was the program on Negro Music. Miss Nell (iardner told of the origin and growth of the "Blues." The next program was on Modern Music. What weird sounds greeted the poor, unsuspecting club members! The last meeting was the annual business meeting in which the election and installation of officers was held. The musicians have worked hard to have good programs and to further the ideals of the club. All in all, they have had a very busy and successtul year.

## Songsters

The members of the (ilee Club started the year by-playing! Miss (Gardner, the director, knew how much work was to be accomplished, but the would-be songsters were too full of energy left over from summer to settle down. Finally, though, the Club became serious long enough to surprise everyone by giving a beautiful Christmas Concert. This made ole B.C.H.S. extremely proud of her "problem children." Then, with the help of the band, they put on a Negro Minstrel. ()h, what fun they had at those rehearsals, and especially the "big night"!

On the 25 th of April everyone piled into a truck and went to the (Gulf on a picnic. Soon after the (julf party the now lively workers presented their annual concert. The members would up their year's activities by singing at the graduation exercises. How proud, yet how sad, they were when all those seniors came walking down the aisle to receive their diplomas.

## Songsters, Junior Grade

Many and varied have been the activities of the Junior (ike Club; a busy and enjoyable year has been the result.

During ()ctober the club presented a black face song and dance act for the Hallowe en Carnival sponsored by the P.-T.A. In the late winter and carly spring the club gave two teen-age dances to raise moncy for the close-of-schcol party, which was an all-day outing at Little River State Park. Money for this outing was also raised by selling proporn at the home foothall games. Near the end of shool the club presented its spring concert. which displayed the skill and variety of work developed during the year. After this concert, the members gave Miss ( Bardner a beautiful compact, bought with money contributed by each one of them.

## Band Enjoys Year Filled

"Hurry and get your bags loaded! The bus leaves in ten minutes!" This was the cry heard in the vicinity of the home of the "million dollar band" early one August morning, as all the band members, fond parents, and other interested persons gathered at the band house. Why all this hustle and bustle-so early too? The band was leaving for Chicago! There was a flurry of hasty good-lyes, last minute instructions from parents, Bootsie's shout, "All aboard," and the band took off for the "Windy City," where the band and its capable director were to represent Alabama for the second time in the National V. F. W. Convention.

When the band arrived in Chicago and became fairly settled, everyone took in the sights. And there were so many! The music makers toured Chicago, went to the World's Fair, and did many other interesting things. but the climax of the trip was the playing and marching to perfection in the V. F. W. Parade down Michigan Avenue. What a thrill it gave everyone when those television cameras started grinding away! Soon after the "lig day," the now weary band members boarded the bus and headed for home sweet home to recuperate.

After returning home there were the music and "halftime shows" to prepare for the foothall season. In the middle of this came a parade in Mobile for Miss America; then - more football. An added attraction for the foothall season was an invitation to play in Ladd Stadium for the U. M. S.--Grove Hill game. Despite the downpour of rain the show went on. In early December came the Christmas parades in Mobile and in Selma. The Selma trip was wonderful even though the bus did break down in the middle of nowhere, sending poor Bootsie into the next town for a new bus to pick up the stranded band.

On a cold night after Christmas there was a unique "Foxhunt" in Foley. The highlight of the year was the Mardi (iras parades, which presented more attractions than just pretty floats! Everyone had barrels of fun; rain and bitterly cold weather didn't dampen spirits at all.

## With Activities

Next on the band's list of activities were the concert for the P.T.A. and the Negro Minstrel, given in collaboration with the (ilee Club. Soon afterward a few of the members went to the Troy Band Festival which was held at the State Teacher's College. They left on the 27 th of March. What a morning! The bus left at the unearthly hour of $4: 00$ !

The Troy Festival was followed by the District Band Festival held at Murphy High in Mobile. The band was very proud of the many compliments it received from intcrested friends.

Bootsie and his "kids" ended their year of fun and work by giving their annual concert which was followed by a reception and dance. Everyone is proud of the educational and pleasure-giving trips the band has received and of the earnest way in which Bootsie has worked with every member.

MR. GEORGE (Bootsie) NOONAN, Director

Top - Mel bill, Ballard, Carraway, White, Strickland. Stiers, Mashburn, Thames, Fail, Frazer. Bottom - Barnes, Godwin, Presley, Aylin, Prine. Eilland, Weaver, Wrenn, Postma.

Top - Durant, Stacey, Foster, Nall, Van Dyke, Stokely. Bottom - Busbec; Reid, Hayes, Grimes. Taylor, Davis, White.

Top-Band leases for Windy City. The second night out was spent in Effingham, III. Once in Chicago, the band members enjoyed a tour of the city in sightsecing buses. Below-"B" for Baldwin is spelled out during halftime of the Fairhope game, with all lights ex tinguished except those on band members caps. Many hours were spent in practice for the halftime shows.

## Baldwin County High School's Feted

The school orchestra, organized three years ago under the direction of (icorge "Bosotsie" Noonan, gives incentise and further tratining for the more advancel musicians of the band. The orchestra played at both the Sophomore Hop and the Junior-Senior prom. The players are: Joan Wren, Neal Presley, Vernell Filand, and Margaret Weaver, saxophonists: Bobby Sam MdDill and Balford Thompson, trombonises: Morgan Little, James Mew and Betty Mann, trumpets; Julia Mashburn, pianist: Allen Hayes, drums. "Bootsic" Nexonan, director.

Even though the weather was cold the band marched and played magnificently in each of its seven Mardi Gras parades.

## Diversified <br> Occupations

Boss Man Randolph Watt,

The I). (). class has for its purpose the providing of experience in various occupations, according to the interests of its students. Among the occupations offered in the I). (). program of B.C.H.S. are secretarial work, radio repairs, automotive repair, and salesmanship.

The student's time is divided between one-the-job experience and a classroom program designed to provide theory and general background for the practical training.

The class consists of fifteen members. To raise funds this class sponsored a play, the "Womanless Wed ding," which was a great success. With the money from this play the members gave a bancuet in which the students' families, their emplovers and also the men and their families who were in the play participated; in all, eighty-five people attended.

For their project for the year they improved their room by the applying of paint (self-administered), sanding the floor, and installing new light fixtures.

Their main social event of the year was, of course, their trip to the (;ulf; all expenses for this came from the I). (). fund.

Standing-Stiers, Lece, Vincs, Faylor, I Iamilon, Watts, Richardson, Long, Smith. Seated-Kinght. (uinky, Pasmore, Swanson (lnstructor), Mosley, Hadley; McGill.

## BUSINESS

Have any of the readers had any experience with the financing of a school yearbook in a small school? If so, they will fully comprehend the endless worry over whether enough ads will be sold, the quota of books be sold, whether or not the little things to raise extra revenue-the May ()ueen Election, football programs, and picture sales in this case-will produce the all-important extra amount needed to make the publication's financial sheet tally. Those who understand this will be able to fully appreciate the way in which the business staff worked to make this publication a financial success.

## On The Gridiron

Tiger Mentor
E. A. SPl. 1 R

The plain, unadorned fact is, that by the standards of Bay Minette football fans, this wals a lousy football season. But this statement should be qualified a bit. Probably Bay Minette people expect and usually get more in the way of fine football teams than ninety per cent of the towns of comparable size in the U. S. This year, after year before last's undefeated season, and last year's dramatic victory over the supposedly invincible Atmore eleven, it was only natural to expect that the team would be of the same superlative quality.

However, most people didn't take into consideration that even for a team accustomed to tough and rugged schedules, this year's slate was just about the stiffest ever. Coaches Spear and Williams planned to convert the team's formation from the Notre Dame box to the deceptive, last breaking, " T " in order to capitalize on the abilities of the lighter, but speedy, players. Then, like a thunderbolt out of the blue, the Bay Minette National (iuard was mobilized, carrying with it all regulars from the previous year's team except one back and two defensive linemen. ()h, loud were the wailing and gnashing of teeth, many were the crying towels needed by Coaches Spear and Williams, but as Robert Burns says:
"The best laid schemes o' mice an' men Gang aft agley,
An’ lea’ us naught but grief an’ pain For promised joy."
"It's done this way," explains Coach Spear as Bush, Rider, Steedly, and pipkins look on

FRANK COTTONGIN, Mgr.

Fven with this it seemed by dint of hard work and cooperation the team might amount to something, and spasmodically throughout the season the Tigers exhibited flashes of real foothall power, but also throughout the season the team was crippled by injuries to key players. This was the last straw; the combination of circumstances made the Bay Minette eleven's final won-loss column read 6-4. Even that, all things considered, was not too had!

Buck Rou-Coach Williams, Coone, Mills, Presley, Levoy, Powell, Langston, Jordhe, Reid, Bralley, Stough, Coots, Walker, Johnson, Coach Spear. Second Rou-Blackmon, J., Boan, Gilland, Blackmon, V. Rider, Newton, Trawick, Qumele, Propst, Grimes, White, Hall, Thames, Cottongin. Liront kow-Rider, Leec, Steedley, Bush, Pipkin, Bell, McDowell, Hayes, Harville, Gilbert, Roone:

## Resume'

B.AY MINETTE-MILII:R: The 1950 Tiger football season opened agamst Miller 1 ligh in Brewton. Midway in the first guarter the Bay Minette offensive began to roll when Langston retrieved a Miller fumble and raced ninety yards for a touchdown. Miller came back strong in the second half, scoring twice in the third guarter. Later in the third guarter Bay Minette"s brilliant goal-line stand was all that the Tiger followers could ask for: however, near the end of the game Brewton, through much effort, pushed over its thirel touchdown, moking the final score in this well-played ball game, Brewton 19, Bay Minette 7.
B.AY MINFTTE-MONRCEVIILIE: The Bay Minette Tigers iumpeil into the win columen when they scored a $19-6$ vietory over Monroeville. The Tigers broke the ice carly on the third guarter, after a scoreless deaclleck in the firs half, with Rider going over for the score. Monroeville knotted the score ( $6-6$ after an 80 yard march down the fiedd. In the fourth cquarter Bay Minette came roaring back with Propst going over for the score. In the closing minutes of the ball game, Monroeville fumbled on their own thirty yard line, to give Bay Minette possession of the ball. Then the Tigers pushed over for their third score.

BAY MINFTTE-FAIRIOPF: The Bay Minette Tigers played host to the Fairhope Prates in a hard fought and penalty-marred game. The Tigers wasted no time in getting underway, going for pay-dirt in the carly moments of the ball game. with Sibley Reder carrying the pigskin and Bush beoting the point. It wann't long, though, until Fairhope showed its strength with a thirty-seven yard plunge for a touchdown. The all-important extra point failed, and Bay Minette led 7 -6. Both teams fought hard to score during the third period, but costly penalties and strong defenses held them back. The winning touchdown came as Stapleton of Fairhope shot from the tiventy-six yard strip to give the Fairhope Pirates an edge of 12-7.

BAY MINFTTE-ROBF:RTSIDALE: A swift and alert Robertsdale backfield downed the Bay Mincte Tigers, 20-7. Robertsdale opened its offensive in the first guarter with a drive to the 25 yard line, when they later made a touchdown. The extral point was good. The Tigers came back in the second quarter with Sibley Rider carring the ball from his own 12 yard line for pay-dirt, to tie the score 7-7. The third guarter was nip and tuck between the two spuads without any scoring. Robertsiale regained its heavy offensive in the fourth guarter, scoring two touchdowns to outmatch the Tigers.

Fairhope is smeared for a loss, guards Jordon and Powed making the tackle and wingman Mills ready to give the "Amen"

## of the Season

Bily MINETTE-JACKSON: I sixty-yard off-tackle dash by Sibley Rider gave the Tigers their lone and winning touchdown to defeat the Jackson lligh elewen, 6-1). In this mud spattered battle, which was hampered by the almest continual downpour, there were many fumbles. The Tigers tallied in the second quarter when Rider, spearhead of the Tiger attack, broke loose on a sixty-yard touchelown jaunt. Jackson threatened early in the fourth guarter when their sustaned drive carried them down to the five yard line. This threat was stopped when they fumbled and lost possesson of the ball to the Tigers with whom it remained until the final whistle.

BAY MINETIE-EVERGRFFN: A fourth period rally netting two touch:lowns gave the Evergreen liggies a $24-1+$ decision over the Bay Minette Tigers. The Aggies took the lead when they scored once in the second quarter and again in the third to go ahead, 12-0. Then the Tigers found their claws, and forged ahead $14-12$ on two successful pass plays. 1 lowever, the Aggies came roaring back into the stretch with (wo) whizzing touchdowns in the closing moments of the ball game to defeat the Tigers. The Tiger linesmen displayed spectacular defensive feats by refusing to grant the Aggies a first dowen in the first quarter, and only one in the entire first half.

BAY MINETTE-FRISCO CITY: In the chilled Simmons Field stadium the Baldwin Tigers whizzed over the scrappy Frisco City High Whippets to rack up another victory, 19-0). Both squads had a tough time thawing out, resulting in a game filled with excitement and a terrific number of fumbles. The Tigers first score came in the second quarter when Ed Levoy scooped up a Frisco fumble and raced 55 yards for Bay Minette's first touchelown to end the first half. The Tigers gained their second touchdown when Archic Presley recovered

Whippet fumble and ran 30 yards for the touchdown. The (stra point was good. When Friseo Cit! was forced to kick early in the fourth periot, the Tigers started an offensive drive that ended as Stecelley went over from the 19 yard line.

BaY MINETTE-FOLI:Y: The Foley High School Lions acted as very inhospitable hosts as they defeated the Bay Minctte Tigers in the hard fought Armistice Day sctap, 14-(). The lions went to work carly in the game scoring both touchdowns in the opening guarter. The Foley gridsters marched from their 2.3 yarel line to score their first touchelown on a one yard plunge. In the closing moments of the first quarter
"Now get in there and stop 'em," Spear commands P'owall and Walker.

Bush carries the mail on an end run against
Fairhope.

Reception Committee from Frisco City to Steedly.

"Did he make it?" is plainly written in the faces of Walker, Bradley, McDowel, Gilliand, Rider, Propst, and Coach Spear as they anxiously watch the Robortsdale game.

## Resume' of the Season

the Lions scored again with a 19 yard pass to lead the Tigers 12-0. Foley's other seoring came when they trapped the Tiger's gwarterback, Iferbert Mills, behond the goal for a safecte:

BAY MINFTTIE-W. S. NFAL: The fourth victory of the season was racked up by the Ballewin County High Tigers as they smashed IW. S. Neal, 2(1)-6. The Bay Mincte sypuad started a touchdown drive in the opeming minutes of the game, when it receised the kick-off on their 37 yard line, and fought down to the five yard strip where Steedley went across for the first score. The second guarter opened with a bang when the Tigers scored on a 45 yard smash by Steclley, Bush making the conversion. The first half-ended when Mills scored on a screen pass from Bush on the 25 yard line. The extra point was grood. Neal pushed over its touchdown in the closing minutes of the third guarter. The remainder of the game was a hard fought defensive battle near the midfield stripe.

BAY MINETTE-ATMORE: Before 4000 fans the Atmore Blue Devils defeated their most heated rival, the Ray Minette Tigers, in the annual Thanksgiving clash, by a margin of 33-19. The Blue bevils took over completely in the first half when sonring two hard fought touchdowns to go ahead 14-(). In the opening minutes of the third quarter Atmore scored again to lead 20-0, but not for long, becatuse the Tigers came roaring back as they gained possession of the ball and marched down the fied for their first touchelown of the game. As the fourth period opened, Allen Hayes, Bay Minette's guard, intercepted a Blue Devil pass to start the offensive for the Tigers. A few plays later Bush went over for the Tigers to narrow the margin 2()-13. Atmore recovered a Bays Minette fumble nidway in the fourth guarter on the Tiger seven yard line and scored again to lead 27-13. But the Tigers opened with a barrage of passes that ended in a pass which was good for six points. As the time ran out the Blue I)evils receeved the kickoff and in a series of plays, pushed over the final touchedown in this thrill-pacted ball game.

The high peomt man, BUSTER WARD

COACLI SPE, IR

There were no traphies brought home by the Bay Minette basketball spuad this year, but the season was not as poor as the record of seven wins out of eighteen games would indicate.
()nly one letterman from the preceding year's team was on hand to begin practice for the long and hard schedule. This lack of experienced players necessitated the use of smaller and younger hoys that ordinarily would have been playing on the " $B$ " squad or the junior team. Fien though the won-loss column stands as it coes, the composite scores of the Tigers as compared to the opponents was greater -7.38 to 711 . Seven games were lost by a margin of five points or iess, two being by only one point and two by two points. This shows that the games were the ones of unusual interest, even though the home team was the loser. The value of the cumulative experience of the year's games was stown in the district tournament when the Tigers were barely nosed out by Fairhope. one of the best teams there, by a score of $45-43$. This augurs a successful season next year.

## the Varsity Develops

The " $B$ " squad is organized to train bors for the varsity and to give a larger number a chance to participate. Since no player on the "ß" team is a senior, these ten players will all be back next year and their fourteen games of experience will be invaluable to the varsity

Nthough the Bay Minute "B" squad took but five of their fourteen games this season, they lost six of the remaining nine by five points or less. There was a steady gain in the players' confidence throughout the season. If to the strong and effective defense can be added offensive power, B.C..I I.S. will have a team to be reckoned with by the best.

"Hook" Overstreet demonstrates against Flomaton his technique of controlling the backboard.

## Baskethall, Junior Grade

The purpose of the junior teams is to start off the young boys in junior high school in basketball. They play other junior high teams and develop a working knowledge of its fundamentals.

Coach $W$ illiams expected to have a fine team this year, with Sonny Powell and Herbert Mills, both tall, experienced players; but financial difficulties prevented Mills from playing, and Powell proved to be
good enough to make the varsity, standing fourth highest in points scored. This left only one letterman, Bradley, and Phillips, who had played "B" team ball. With the green boys, the team did exceptionally well, for even though lack of space prevented practice until the varsity " $A$ " and " $B$ " were through, both the Ir. "A" and Jr. "B" went to the semi-finals in the county tournament. At the close of the tournament the " $\lambda$ " team won the consolation game.

JUNIOR " $A$ " TEAM

## On The Diamond

With a great many rookics in the starting lineup, the B.C.H.S baseball squad went through a rugged schedule to drop live of their eight games in the 1951 season. There were only three returning regu-lars-Ward at shortstop, Byrd in the outfield, and Bryars at first; the only hurler who had played on last year's team was Wynton ()verstrect, and he pitched just one game.

There were few weak spots in the infield and the outfield was composed of three hard hitting, strongarmed players. This combination coupled with pitching of surprising quality, considering the mounds men's lack of experience, seemed at first to bode a fine team; but at the critical point of the season, the double-he:ader with Robertsdale, the home syuad lost. Winning one of these games would have sent it ints the playoffs, winning both would have meant the county championship; as it was, the team was demoralized, losing the next game and then, completely going to pieces, the final game of the season.

Nthough the team, especially the pitching staff, was inexperienced, it developed considerable strength during the season, and since there were a comparatively small number of seniors on it, the Bay Minette baseball fans can look forward to a more experienced, and therefore more winning team next year.

COACH E. A. (Storge) SIPAR
