TRAUMA RAUMA

My most embarrassing moment in my high school career happened in the 10th grade. I was walking out of cheerleading practice into Senior Square, and I was talking to Kristen Middleton and Renee Robertson. I was talking so intently that I did not look ahead of me. I turned my head and ran right into a pole. I had a knot on my head for days.

India Nelson, 12

My most embarrassing moment was when I was riding in Douglasville and my car ran hot. Nobody stopped to help me, not even my friends.

Jami Crook, 12

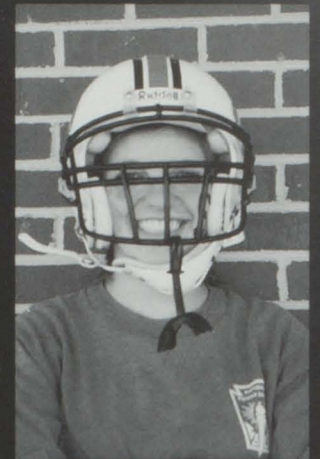

My most embarrassing moment was when I was blowing bubbles in Mrs. Denmark's class and slipped and fell on the bubbles' soap that was on the floor. I fell in front of every good-looking girl in school.

John Wilson 12th

My most embarrassing moment was when I got a bad hair cut. I looked like Helmet Head. I wore the hood of my jacket on my head for the next couple of days.

Kristen Middleton 12th

I was at the mall and I had a dress on. Before I went into the restroom, I noticed a guy laughing at me. I thought, "How rude!" So I walked into the restroom and glanced into a mirror. I realized what the guy was laughing at. My dress was tucked into my underwear.

Amanda Capers 11th

My most embarrassing moment occurred on first lunch wave. I was sitting with my friend Jessica Parker in the lunch room, and I stood up to go throw my trash away. My foot got caught on my seat. I fell flat on my butt, and she and everyone at my table laughed.

Carla Hudson 11th

My boys and I performed at a talent show. We got "crunk" and ready to do our thing. When we got up, everyone was cheering. However, the people on the engineering room did not play the music loud enough for us to hear. We had to stop two times and tell them to turn it up, but it was okay in the end because the audience still clapped.

John Moorere 11th

What is the most devious deed you have done?

"I took my mother's car without permission and went to the mall to pick up my friend KIm Moorer. I broke down and had to call a tow truck. When I got home, I got into so-o much trouble."

Crystal Feider 11th

"I had a huge crush on Neshia Hooks. I tried to pay her a dollar everyday in exchange for a kiss on the cheek."

Mitchell Williams 9th

"I take credit for the plague of toilet tissue that has been seen on Chad Harrelson's lawn for the past four years!"

Chris Hastings 12th

"One time Jessica Hendrix and I snuck out to go with some guys. We had fun until we got home. We were trying to sneak back in, but our neighbors thought we were trying to break in. They called the cops. We were in so much trouble!"
Heather Rider, 10

My most embarrassing moment was one time at the library. This guy was bending over looking at books, and I thought that he was one of my friends. I walked to where he was and slapped him on his butt. To my surprise, he was not my friend, and I was so embarrassed!

Lateshia Porter 10th

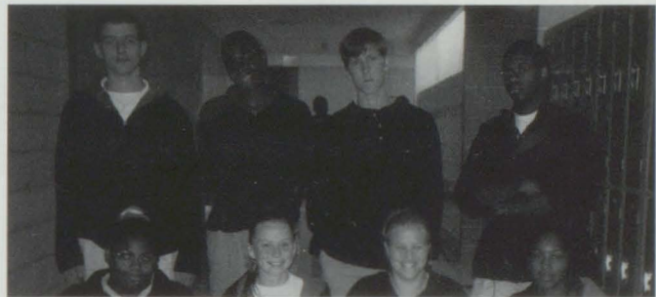

When I was in third grade, I was at an assembly. I was sitting by my crush, and when they called my name to receive an award, my leg gave out and I went crashing to the floor. The bad part is that on my way down, I grabbed my crush's leg and took him down with me. The whole auditorium stopped and laughed at me.

Kristal Hadley 10th

My most embarrassing moment occurred one Sunday morning at church. I was singing in front of the whole church, and suddenly forgot the words to the song. I had to make up some new words. After that happened, I burst into tears, but the congregation still gave me a standing ovation.

Sheree Snowden 10th

One night we threw a party and the first ones to fall asleep had things happen to them. Well, Patrick Fowler and Brandon Buck were the first ones to fall asleep. While they were asleep, we stuck their hands in hot water and poured hot water on them. The next morning there were yellow rings where they had slept.

John Mays 9th

My most embarrassing moment happened in fifth grade. I was on a field trip and one of my braids fell out. I was very embarrassed.

Valerie Joseph 9th

I went to the store with my parents when I was around seven years old. We were leaving and I was really tired. I was not paying attention to what I was doing, and I got into the wrong car. My mom tapped on the window and started laughing. I jumped out of the car and ran.

One of the most ecstatic and memorable events in a young lady's life is when she is announced to represent her class as a Homecoming Maid. Only a certain few can ever get the chance to participate in such a wonderful event. This year it was even more special because the Queen was totally anonymous until the halftime show during the football game. The student body votes for their maids and queen, and the popular vote determines the outcome. The 2000 Homecoming Court was very special because it was the beginning of a whole new century.

AL-931 Military Ball

On November 4, 2000, Air Force JROTC held its annual Military Ball in the cafeteria. The theme was "A Night under the Stars." Students began planning in August for this event, and it was a big success. Sgt. Davis and his wife chaperoned the event, and were also there Saturday morning to help with decorations. Kitty Hawk Air Society cadets were in charge of details, but the entire corps assisted in making it the best ball ever. For the seniors, this dance is one of the most memorable events of ROTC life.

Teachers' Who's Who

This year the students had the opportunity to vote on the teachers that they believe possess certain qualities that fit certain categories. The title of the awards was nicknamed, "Teacher's Who's Who," and the categories are as follows: **Funniest, Most Homework, Best Dressed, Most Likely to Brighten Your Day, Most Likely to be Tardy to Your Own Class, Most Likely to Call Your Parents, Most School Spirit, and Best All Around.** (Right) Mrs. Clemmons shows why she won "Most Homework." Mrs. Clemmons's favorite hobbies include swimming and water skiing, snorkeling in the Caribbean when she gets the chance, and spending as much time with her daughter Chelsea as she can.

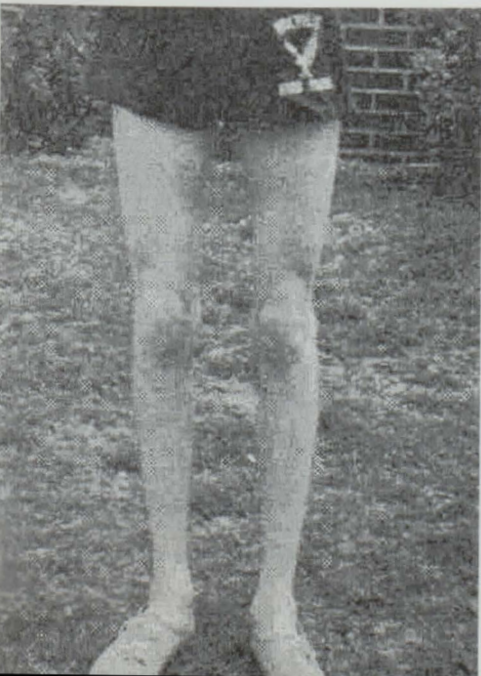

Left: Mrs. Cassady poses for a quick shot since she won "Best Dressed." When asked why she thought she was voted best dressed, Mrs. Cassady said, "I hope the students voted me 'Best Dressed' because they realize how one dresses is an expression of his personality. A person can dress professionally with a dash of fun mixed into the picture." Top: Mrs. Ford, voted "Most School Spirit," shows her Tiger spirit by surrounding herself with pom-poms and posing with the Tiger.

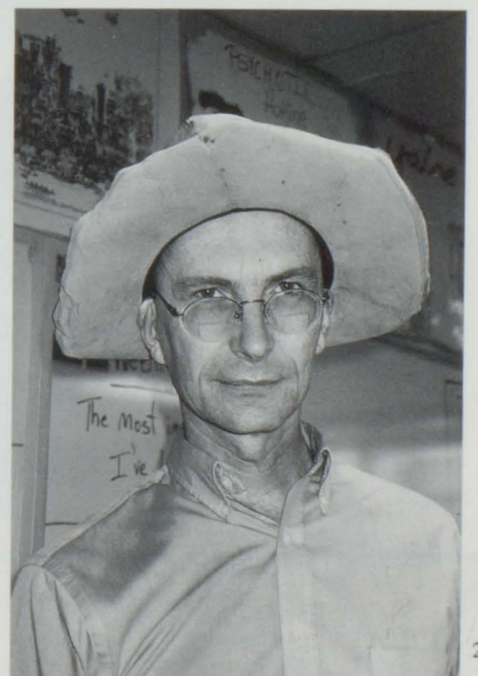

Top: Mr. Hartner finally arrives at his room. Obviously, he was the natural teacher to win "Most Likely to Be Late to Your Own Class." Mr. Hartner was late turning in his form, so we could not print what he had to say!!!

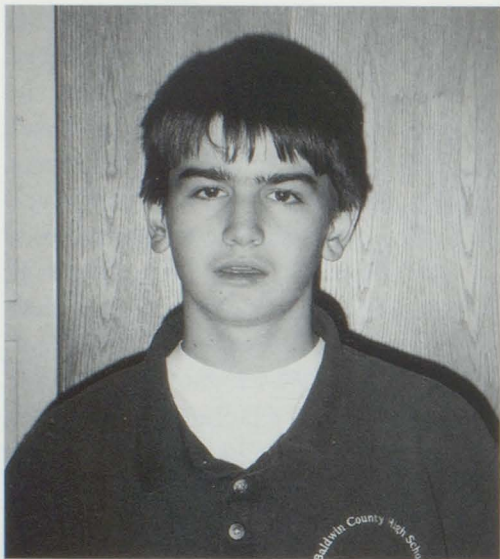

Left: Mrs. Scott and Mrs. Howard hug each other after finding out that they tied for "**Best All Around.**" Mrs. Scott's favorite Senior Class is the class of 2002. She said she has made many friends with these students. Mrs. Howard's favorite hobby is collecting dolls. She has an international doll collection that she inherited from her grandmother. Nobody would have guessed that!!! **Bottom:** Guess what, Mrs. Cox... We caught you in the act. Students take a picture of Mrs. Cox, voted "**Most Likely to Call Your Parents,**" while she is calling someone on the phone. "The Class of 2001 is my all time favorite because they are incredibly interesting with diverse personalities." The class of 2001 says, "**WE LOVE YOU, Mrs. Cox.**"

Top Left: Voted "**Most Likely To Brighten Your Day,**" Mrs. Koepp greets the camera with a cheerful smile. "I would hope students consider me cheerful. I know that many students have less-than-happy lives, and I feel that part of my responsibility is to actually listen to them when they speak!!!" **Left:** Mr. Willis acts goofy as usual. Why do you think you were elected "**Funniest?**" I really don't know, since I don't know whether or not any of my fellow teachers are funny. I don't know if I'm funny. I don't feel funny. Maybe I just look funny. It's kind of strange. The last time I won an award was when I was a senior in high school. I won an award for having the best legs in my Senior Class (**Right: Legs are pictured**).

Note Writing

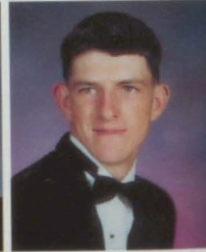

From the heart..

There's not a student who doesn't do it!!

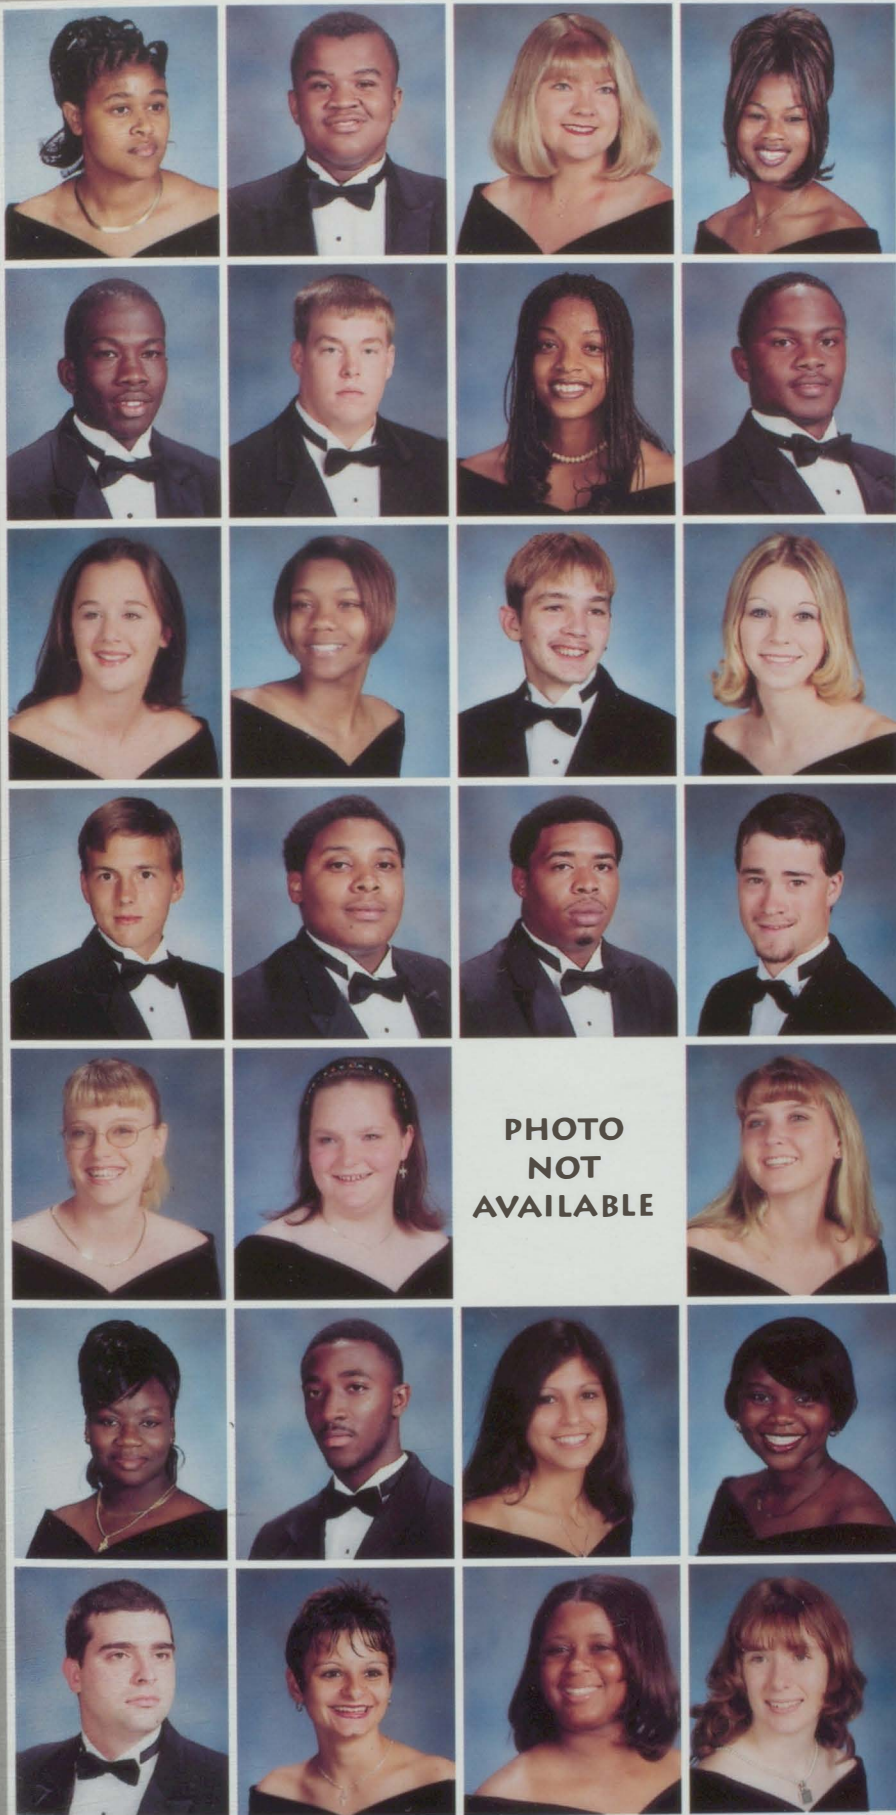

Hey!
What's up? I'm sitting in English and I'm bored stiff... glad I won't have to listen to this anymore!!! I'm so-o-o glad we're staying together at the beach after graduation! We're gonna have a blast!!! Can you believe this is the last note I'll ever write you in high school - No more double dates and no more 4 hour phone calls ~ I'm getting sad!! We've been friends since about 3rd grade and I'm gonna miss you ~ we'll be so far away and so busy once we go away to college ~ Auburn for me and Bama for you ~ what a pair?? Oops! Time for the bell; Oh well, I guess the most important thing I wanted to say was "Thank you for being my friend!" Love ya! SR '01!!!

Forever and always... Nekia Mitchell and Tervell "Spud" Lee have developed a unique bond of friendship as boyfriend and girlfriend. They're such good friends that some classmates don't even realize they're dating!!!

Science Students Become Teachers

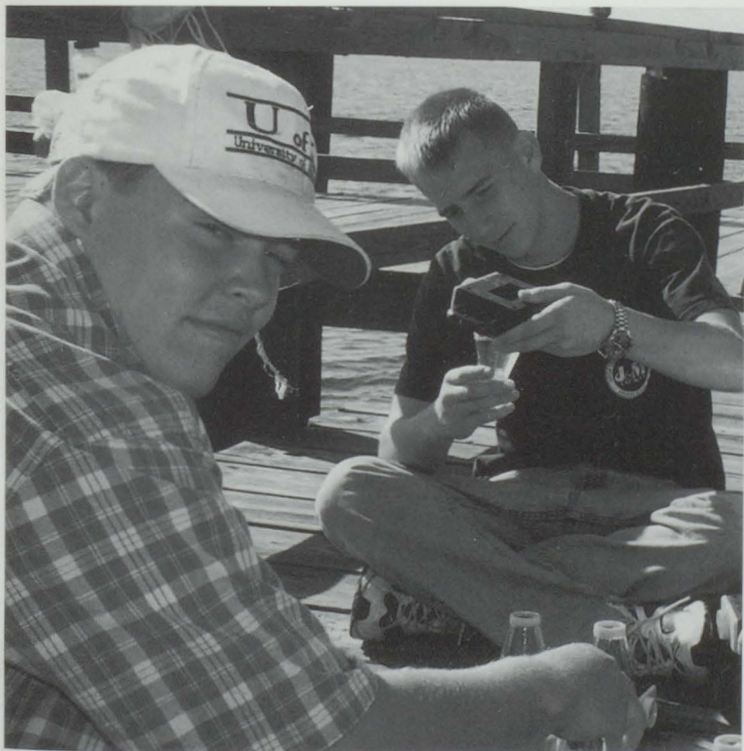

Students teaching students really works!!!

Mrs. Judy Reeves and Mrs. Sandra Fagan had a dream two years ago. They dreamed that science was being taught to high school students who then turned around and taught science to young elementary-aged students. They realized this dream when Mrs. Reeves received a grant, and S*PARK*LERS was born. Twice a year students from

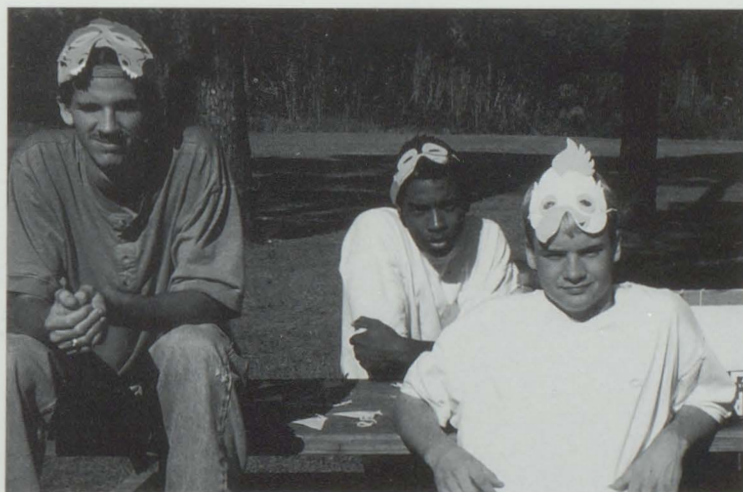

Mrs. Reeves's class and from Mrs. Fagan's class, along with students from Bay Minette Intermediate School, Delta Elementary School, Stapleton School, and Perdido School, travel to Meaher State Park or Blakely Historic Park, where more learning takes place in one day than in a classroom in a month! The high school students teach

the elementary students what they have already learned in their environmental science and marine science classes. Students stage water quality demos and testing, seining, plankton tows, macroinvertebrate identification, food web games, t-shirt painting, plaster casts of fossils and animal tracks. They make water cycle bracelets, in-

volve themselves in wetlands activities, and study solar graphics, the weather, and endangered species such as alligators. They grow critters, and they study trees, bugs, and worms. The highlight of the trip occurs at lunchtime, however. Mike Casper, snake man extraordinaire, brings some of his "friends" to lunch with him.

The great outdoors...Stopping to take a dip in the Mobile Bay, **Rachael Woods** and **Demetrius Thomas** sein for organisms to show to Delta Elementary students.

Choir Goes to Carnegie Hall

Students sing at the all famous site...

This fall some members of the choir and alumni had the opportunity to go sing at Carnegie Hall in New York City, from November 23 to the 27, 2001. This was a very memorable and exciting trip for all the participants. The participants that attended the trip were: **Laura Aaron, Sarah Blevins, Clifford Bradley,**

Heather Cardwell, Kelley Coats, Kara Day, Miranda Douvier, Jerriod Fowler, Kandace Hamilton, Bridgette Hicks, Anita Horace, Leighanne Kirchharr, Caron Lynch, Matthew McLendon, Angie Smith, Jessica Smith, Quentin Stafford, Meagan Stewart, Natalie Tolbert, Tiffany Vinson, and Casey White.

While they were in New York, they attended many events. Upon their arrival, they went to Times Square. They shopped down the famous Fifth Avenue. They shopped in Macy's Department Store and they visited the Metropolitan Museum of Art. They attended two musicals: *Phantom of the Opera* and *The Music*

Man. They visited the Empire State Building and went on a cruise down Hudson Bay.

This trip took a great deal of hard work and commitment from school officials, community patrons, parents, as well as the students. The choir would like to thank everyone that was involved large or small.

Science Olympians Aim High

Students aim for second year top honors...

The BCHS Science Olympiad Team is a member of the International Science Olympiad Organization. The team competes in a rigorous yearly competition involving 23 separate events that cover all of the disciplines of science: biology, earth science, chemistry, physics, computers, and technology.

The process becomes exhilarating as the students design and build bottle rockets, airplanes, towers, Rube Goldberg devices, bungee cords, and egg-carrying cars! Team members also work at labs to identify unknown chemicals, rocks and minerals, reptiles and amphibians, stars and constellations, water quality, bones, and body parts.

All classes, freshmen to seniors, work together to represent BCHS. Our successful team is due to the

assistance of many people: community professionals, alumni, and other teachers. Mrs. Steele and Mrs. Reeves both coach an event. Last year our successes included first place in Bottle Rockets, second place in Tower Building, and third place in Airplanes. We are looking forward to an equally successful and enjoyable 2000-01 year.

Mrs. Denmark's view of Science Olympiad

I thoroughly enjoy coaching the Science Olympiad Team. Before becoming a teacher, I worked for years in the clinical laboratories. Science Olympiad allows me to combine teaching and laboratory work. The Science Olympiad experience is such an enjoyable one: students have fun while they work together to solve problems!

The Wright Stuff... Mary San makes finishing touches to her airplane project.

Stage Fright Disappears

Students build confidence on stage...

BCHS Drama Classes performed two plays first semester. One play, *Teensomething*, by Michael Mish, was performed by the second period class at Faulkner State Performing Arts Auditorium. A crowd of approximately 350 people enjoyed the acting and singing as Jami Crook highlighted the performance with a solo about teenage

love. Other soloists were Julie Lyles, Blake Coleman, D'Marcus Benjamin, and Kristen Middleton. *Mother Goose, Inc.*, by Stephen Murray, was presented on two nights by first and third periods. The performances were at the Bay Minette Civic Center, and crowds of nearly 300 people were entertained as storybook characters came

to life on stage to sing and dance. Several wonderful songs and dance routines were highlighted by solo performances. Aaron White and John Cox both brought the Big Bad Wolf to life with a great rendition of song and dance. Steven McDavid and Leon Gourouras were superb as Simple Simon. *Mother Goose* was represented in song by Lateshia

Porter and Jasmine Clopton. Snow White was played by Sheree Snowdon and Ashley Johnson. Francis Flashbulb was played by Sarah Blevins and Autherine Brown. Solos by Clare Blackmon, Nick Anderson, Josh Walz, and Alfonzo Griffin as the Brothers Guinn completed performances that entertained the crowd.

Momma Bear and the Big Bad Wolf getting along??? Jessica D'Olive and Aaron White play Momma Bear and the Big Bad Wolf in the production of *Mother Goose Inc.*

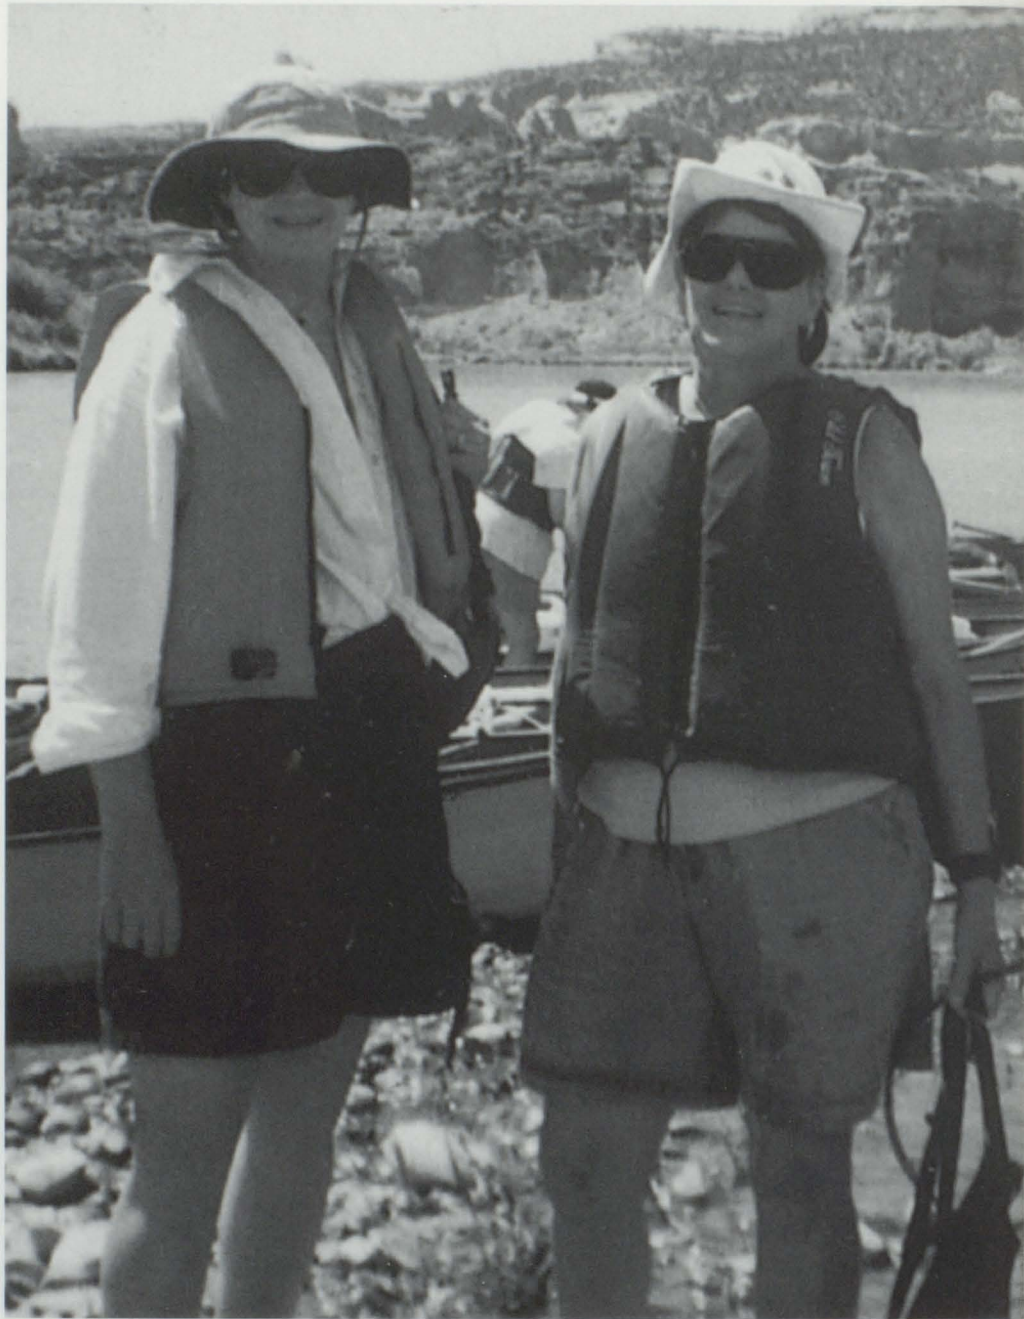

Just us girls... Alica Odom, Sheena Byrd, Bridgette Middleton, Julie Lyles, and Meagan Clark sing a song about being beautiful and glamorous.

Grand finale...The entire cast of *"Teensomething"* pose for a picture after a successful production.

Another Portage??? Mrs. Denmark and Mrs. Reeves didn't realize they would have to carry their canoe and their supplies for miles on their trip to the Grand Canyon. And they did this for fun?

For me??? Mrs. Reeves is presented with the *Conservation Educator of the Year Award* from Gov. Don Siegelman at the awards banquet.

Dynamic Teaching Team

Reeves & Denmark-top notch...

Both Judy Reeves and Jane Denmark have received great honors for their excellence in teaching science. Mrs. Denmark makes the following comments about her career: "Being selected as Alabama's Outstanding High School Teacher of the Year has been a great honor. Teaching science is fun. It's messy; it's playful; it's hands-on. Science challenges us and lets students experience the excitement of discovery. I feel fortunate to be able to teach at Baldwin County High School; it's an environment conducive

to learning. Our principals ensure a safe and secure school, and it is a joy to teach students who want to learn." Mrs. Reeves is also a science teacher who has received numerous honors. She has the following comments: "Science is my second career. Like two other science teachers at BCHS- Jane Denmark and Pat Horton- I started out as a medical technologist. Teaching is much better! After one year at Fairhope High School teaching marine biology, I came here, and here I will stay. It is my eighth

year at this school. My ideal teacher is Pam Henson, the Secondary Science Teacher for Baldwin County. In the past several years, I've won several awards with her support and letters of recommendation. The latest is the CEQ Environmental Teacher for Alabama, and I intend to spend the award money to attend the NMEA Conference in Vancouver, British Columbia, next summer. Other summer excursions I've been on include the U.S. Naval Academy, the National Weather Service Training Center in

Center in Kansas City, Long Beach, California, and a trip tracing the Colorado River from Rocky Mountain National Park to the Grand Canyon. Jane Denmark and I lived together in a tent for two weeks, and it was a wonderful trip. I have also spent two summers on NOAA ships, one working a lobster survey in Hawaii, and they were both absolutely incredible. If I weren't married with children, I might run away to sea! Teaching is a wonderful career if you have lots of energy, are a little crazy, and love teenagers- I guess I qualify!

left Thank You!!! Mrs. Denmark receives an award for being the Outstanding Science Teacher of the Year from Mrs. Pam Henson.

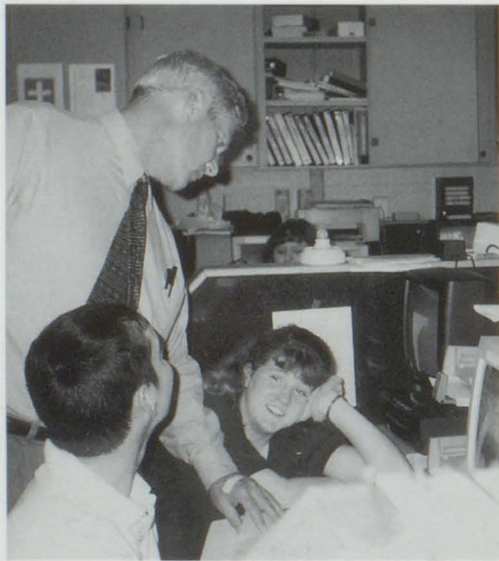

left Congratulations!!! Mr. Salter and Mrs. Reeves stop to take a picture at the awards ceremony. Support works!

Mmm, fresh air... Mrs. Reeves enjoys teaching in the outside classroom that she assisted in getting built. Tervelle Lee and Jason Gammage like learning in this atmosphere!!!

Tiger T.V. presents... Miranda Fields, as Student Council President, is in charge of doing the morning announcements every morning.

Do what??? **Dominique Havers** and **Bradley Boyington** find that TV Production is a complicated technical class. Details count!!!

This is how you do it !!! **Mr. Boone** shows **Clayton Hadley** and **Ashley Stoker** how to correct their technology problem.

This looks good!!! **Mr. Smith** watches a segment that **Kristen Thompson** has created.

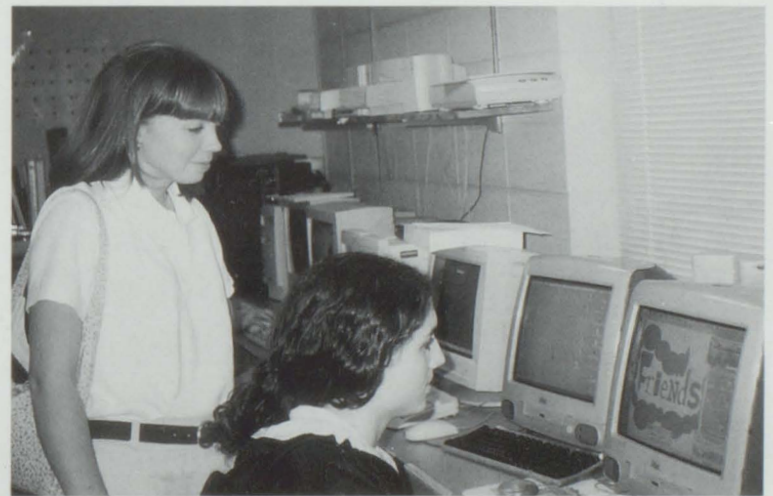

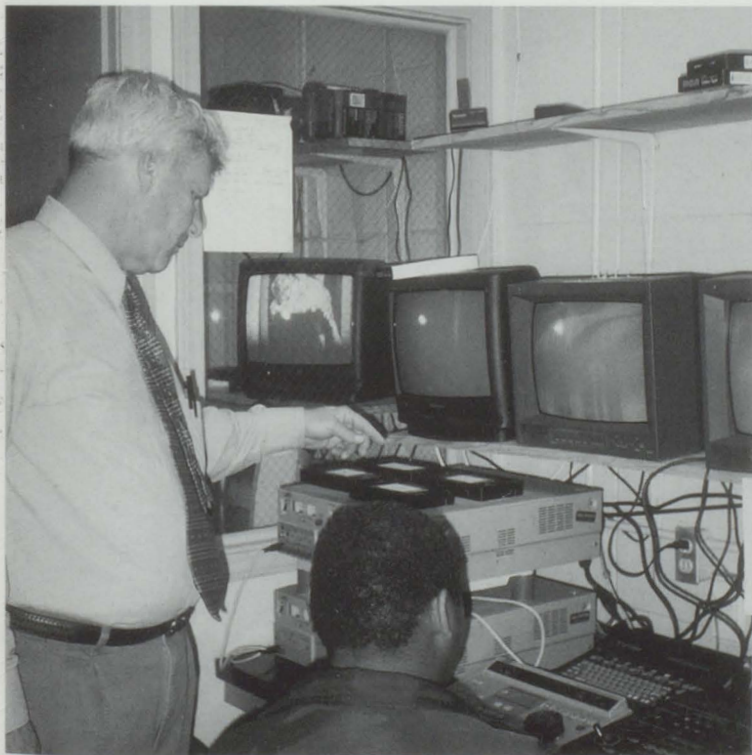

Tiger TV Goes High-Tech

New Teacher, new ideas!!!

The morning announcements are produced in the Technology Education Lab. Technology students prepare and operate cameras and sound systems. They also produce videos for Tiger TV in conjunction with the TV production class. This is an ever-evolving technology, and plans are being made to improve the set design and format. Morning announcements are made by Student Council President Miranda Fields each morning at the beginning of first pe-

riod. All students in every class hear and view these announcements via closed circuit television. TV Productions is a class taught by Mr. C. Smith. Its purpose is obvious: Students are required to learn the art of tv production from beginning to end. Students learn to compose, they edit film, they create commercials for Tiger TV, and they shoot footage of everyday school life. A major project for the students in this class is the Senior Show.

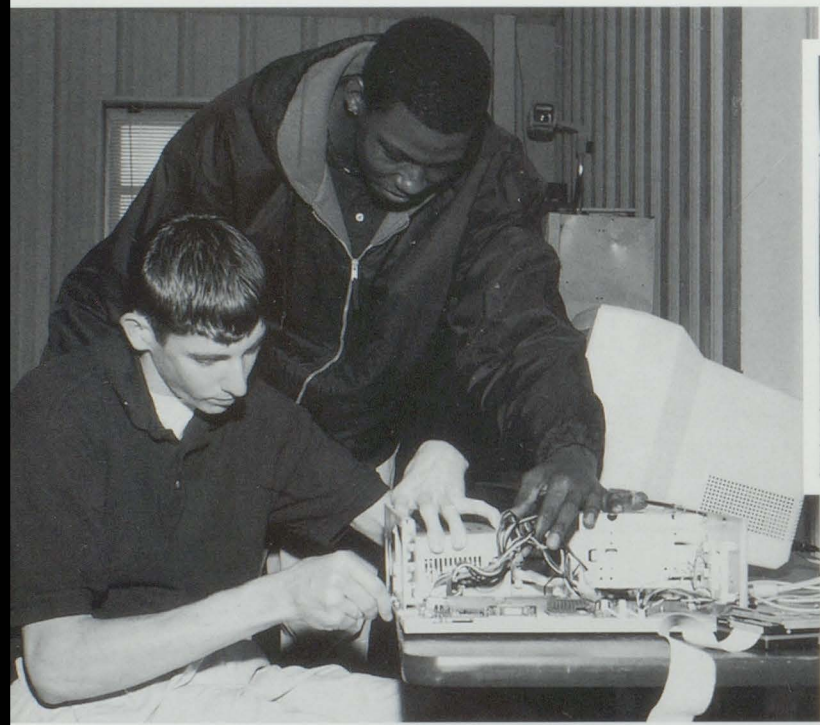

left What you have to do is... Mr. Boone instructs Chris Andrews on the last step of his video development.

Just a click away... Brooke Langham and Leah Knight work on graphics for T.V. commercials. Friends are great!

left Bleep!!! Jody McMillan edits the video that he shot for the morning announcements.

Yearbook

Putting a yearbook together is no easy task. With a \$40,000 budget, yearbook students must try to be fair with pictures they choose, they must be accurate in the words they present, and they must be where the action is at all times. Meeting deadlines, sponsoring the Mardi Gras Ball and the Senior Breakfast, selling ads and yearbooks, fundraising, and getting along with one another are all just a small part of putting the yearbook together!

Ashey Ann Bass, *You were six months old and*

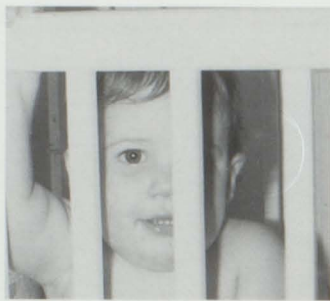

full of fun. With a blink of my eye, you suddenly were one. There were so many things we were going to do, but I turned my head and you turned two. At two, you were very dependent on me, but Independence took over when you turned three. Your birthday, another year I tried to ignore. But when I lit the candles, there weren't three, but four. Four was the year that you really strived. Why, look at you now, you're already five. Now you are ready for books and rules. This is the year that you go to school. The big day came; you were anxious to go. We walked to the bus, going oh so slow. As you climbed aboard and waved goodbye, I felt a lump in my throat and tears stung my eyes. Time goes by fast; it's hard to believe that just yesterday you were home here with me. And tomorrow when you come home and your feet touch the ground, you'll be wearing your cap and graduation gown. So I'm holding to these moments as hard as I can because the next time I look, I'll be seeing a grown woman. I am so proud of you! All my love - Mom

**JOSEPH
ARMSTRONG**

*Joseph,
Congratulations and may God
be with you always.*

*We love you,
Kim, Donnell, and Jay*

Kristen Thompson,

You are a very outspoken and smart young woman. With these talents you will go far in life. Remember, you can be and do whatever you want if you try. We know you will succeed, and wherever you may go in the future, we will always be here for you.

Love,

*Mom and Gerald
Dad and Audrey*

We proudly support the Tigers!

*In Memory of:
Clint Cole*

Clint, Though you were taken from us, you have not been forgotten. There isn't a day that goes by without you being in our thoughts. When we talk to you some how we know you're there and you hear every word we speak to you. I don't think anyone could ever understand why this had to happen to you; a popular, full of life, handsome young man with so much to offer the world. Your dreams never fulfilled. The emptiness that we feel without you has taken away a piece of our hearts. When sadness overcomes us we try to think of all the good memories of you. We miss and love you Clint. Not only were you my son, you were my best friend, too. Not only were you a big brother to Clay, you were his best friend and someone he was proud to look up to. Some day we will all be together again just like you always wanted. Until then watch over Clay and know we will always love you and keep you close to our hearts. Until then sweet dreams.

Love, Mom and Clay

Making a Statement

The Lady Tigers had a wonderful season, when they contended for a state championship title, and a new facility to practice in. The 2001-2002 softball season will be awesome for the Lady Tigers as well; with only a loss of four senior players.

Most of the ladies have played softball since they were toddlers and the love of the game has set

in. This love is one of the driving forces that will continue to help the girls excel as a team.

The other driving force for the Lady Tigers is Coach Anthony Cox. Coach Cox has been working with girls' softball for a long time, and it shows in his coaching. Watch Out!!!

2000-2001 Lady Tigers Softball Team: Valerie Morrsett, Chassity English, Holly Ramer, Leighann Baker, Heather Parker, April Brown, Tamara French, Jayla Powell, Coach Anthony Cox, Jennifer Johnson, Kim McCarley, Kelly Hargett, Laffarra Crook, Jenny McMillan, Sarae Lambert, Sherri Paulson, and Rebecca Lambert.

The Diamond Boys

The Junior Varsity Baseball Team had a great season this year. Coach Wright did a great job coaching, as did Coach Hoover. This superior coaching obviously paid off.

Playing baseball is about much more than whether or not one wins or loses, however. It is, as with any sport, about sweat, tears, hard work, determination,

teamwork, and practice. It's about playing just for the pure love of the game. It's living in one of the simplest forms.

Babes With Bats

Many people said that the softball team had an easy season because they finished with a winning record. However, those in the know realize it was due to hard work and talent. Their long hours of prac-

tice paid off when they lost only one game to Escambia County. These players have learned valuable techniques that will later prepare them for Varsity Softball.

The tip off at the center of the court starts the game. Scorekeepers are stationed at their posts. At least one referee is in on the action, ready to make a call. This scene is all too familiar for the fans, parents, and coaches of the 2001 Varsity Basketball Team.

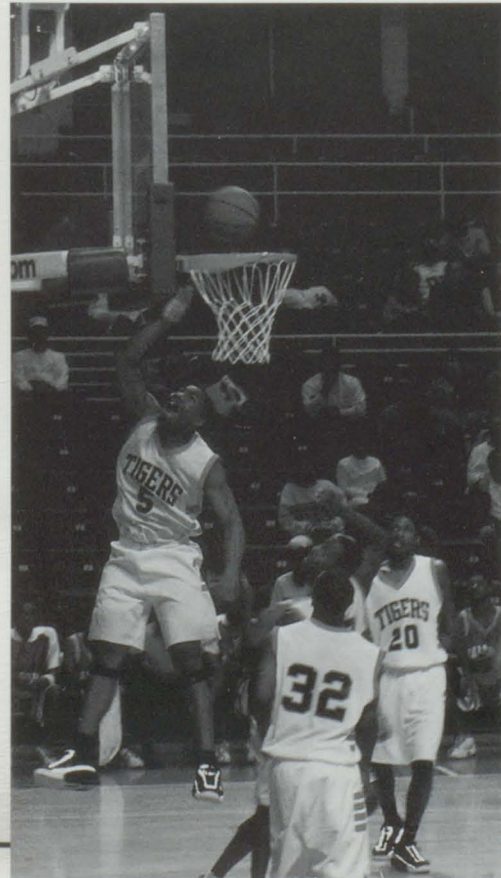

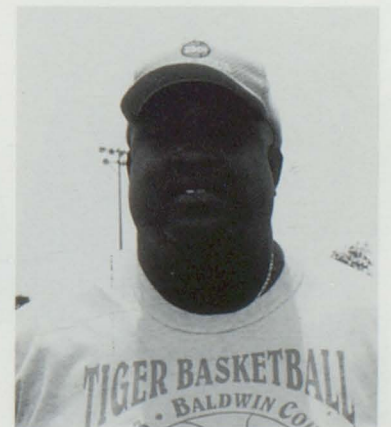

The hard work and determination of the players led them to many victories during the regular season and a spot in the Final Four. Their exceptional record proves that working together pays off.

Lady Tigers Make Final Four!

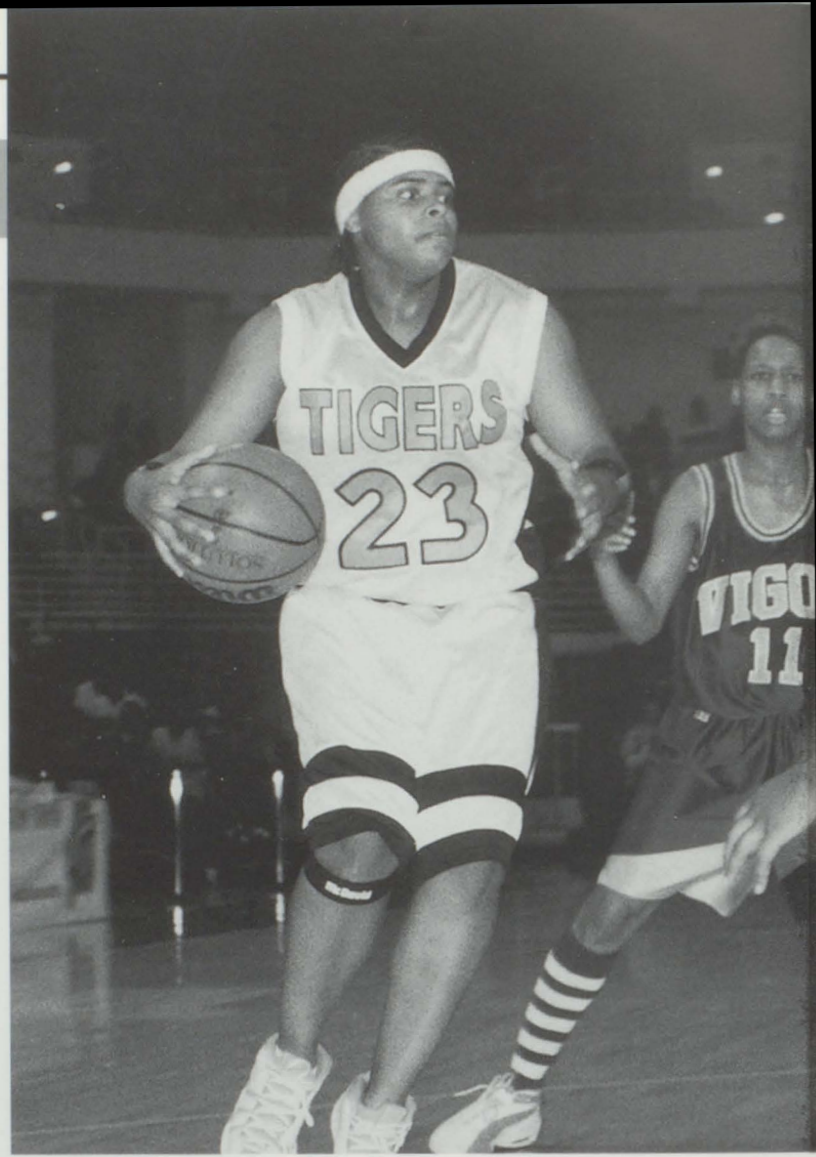

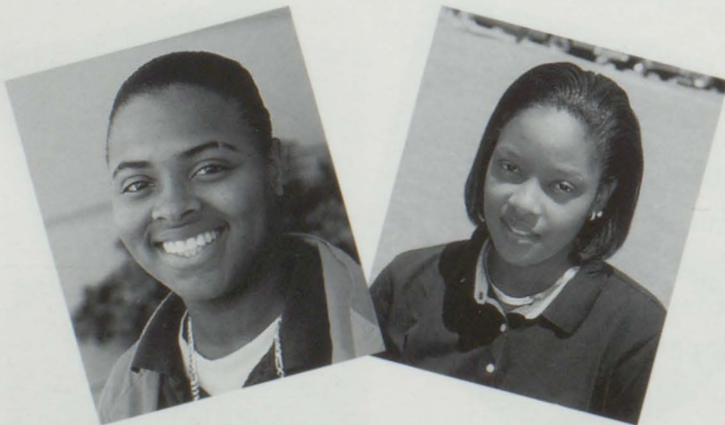

College Bound...Angel McCryndle and Leighann Baker sign a scholarship to Southern Union, as their parents and Coach Carr look on.

Time out...The Lady Tigers listen carefully to Coach Carr as she instructs them during an exciting game.

Coach Carr chose Angel McCryndle and Erika Judge as her two Coach's Picks. In her words, "Angel is dedicated and she has a great attitude. She is a true leader!" About Erika, Coach Carr says: "Erika realizes that the main goals in sports are to have fun and to win. Erika exemplifies these qualities; she knows winning is fun!"

Top: 1, 2, 3, Win!!! The Lady Tigers pump themselves up to prepare for a victory against their opponent. Right: Going for the goal... After dodging two Vigor players, Leighann Baker looks to the net and prepares to slam dunk.

Courting...Another Successful Year

The BCHS Varsity Basketball Team played a great season! Playing at the Mitchell Center, the Lady Tigers gave it their all at the Final Four Competition. Much support was given to the Tigers by their parents, fellow classmates, coaches,

teachers, and other community leaders. The Girls' Basketball Team made BCHS proud, along with the entire town. In addition to being great athletes, these girls will always be remembered as dedicated, hard-working individuals.

Hang Time

The Baldwin County High School Boys' Junior Varsity Basketball Team was one of a kind this year. Throughout the season these young men demonstrated dedication, and a want to learn. This 2001 season has taught these boys important skills and techniques that will benefit them in their later basketball careers.

Team Members include: Phillip Brown, Michael Gray, Michael Milton, Mario Sanders, Jason Moore, O.J. Atchinson, Tion Richardson, Joe Atchinson, Tavarious Jackson, Alex Moore, Cedric Clompton, and Wallace Gilberry.

Coach Cox

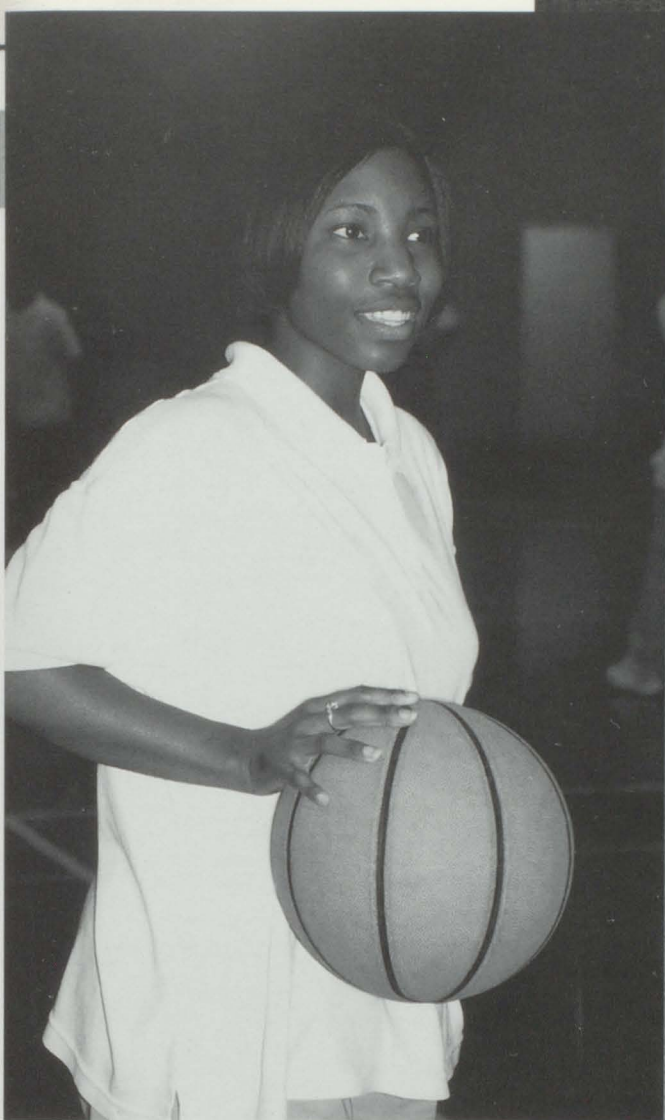

Three pointer!!! Basketball is a fast growing sport . with manyathletes. This J.V. player will be on varsity someday.

All eyes on me...Michael Gray knows the importance of making a shot when getting the ball.

Slammin' Time

The BCHS Junior Varsity Lady Tigers were on the prowl this year. The 2001 season resulted in many great wins, and the girls pulled together as a team when times got tough. These girls are now ready for the challenges they will face as Varsity players.

Lady Tiger Members: Monique Cooks, Kim Cox, Kim West, Tammy Mims, Krista Stewart, and Shanedra Brown.

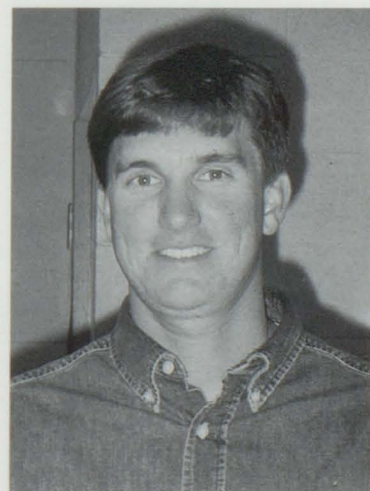

above left: Shoot for 2 or 3!!! Krista Stewart shoots to score. *above:* 1-2-3, Team!!! Their is no "I" in this team.

left: Pass it to her... This is Coach Hauge first year coaching and it looks as if he will be here for years to come.

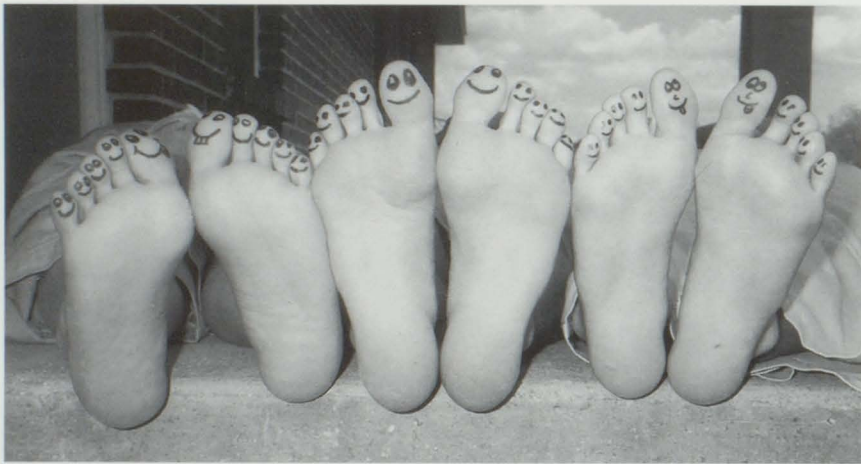

Coach Hauge

Over the River and through the Woods...

The Cross Country Team for the 2000-2001 school year experienced a grim season. The usual coach, Col. Hank, suffered some serious health problems that worried many people. However, with the help of school officials and community, the Cross Country Team acquired new coaches and finished out the season. If it were

not for Coach Harrelson's and Mr. Lender's kindness, the Cross Country Team would have had to forfeit their season. Even though the team did not participate in many meets, through practice and working together, they improved their running abilities.

This little piggy went to market....And this little piggy ran all the way to the finish line! Part of the winning spirit is created by teamwork. Although Cross Country runners work against their own times, all points individuals make are totaled into a team score. Therefore, every member of the team is important.

Col. Hank

Even with the circumstances that troubled the Cross Country Team, there was one highlight of the season. The climax of the year was when Col. Hank made a special appearance at the Fall Athletic Banquet to present a special award. Everyone was delighted at the unexpected appearance. Altogether, the season was difficult, but with the help of many people, the Cross Country Team made it!

Ready to run...The Boys' Cross Country Team anticipates the coming race and hopes for a victory.

Ready for the start...Cross country is a lonely sport, as each runner competes against his or her own time.

With Wings on Their Feet...

Under the able direction of Coach Graham and Coach Valentino, our BCHS Boys' and Girls' Track members learned the rules to running their hearts out in competition. They learned that running is a lonely discipline, that jumping,

throwing, and slinging are all a part of the sport, and that practice is just as important for this sport as it is for football or basketball. Hooray for those who compete against their own times!

Prom 2001 was the one to remember because it's the first prom in the Millennium. And for the seniors it's the last big event in their high school lives.

The dresses and tuxes were costly, but it was worth it. Most girls paid over \$125 for their dresses, and the guys paid a minimum of \$100.00 for their tuxes. Add to this the cost of food, limos, rental cars, and hotel rooms: some Prom-goers spent close to \$1000!!!
