

BALCOALA 2003

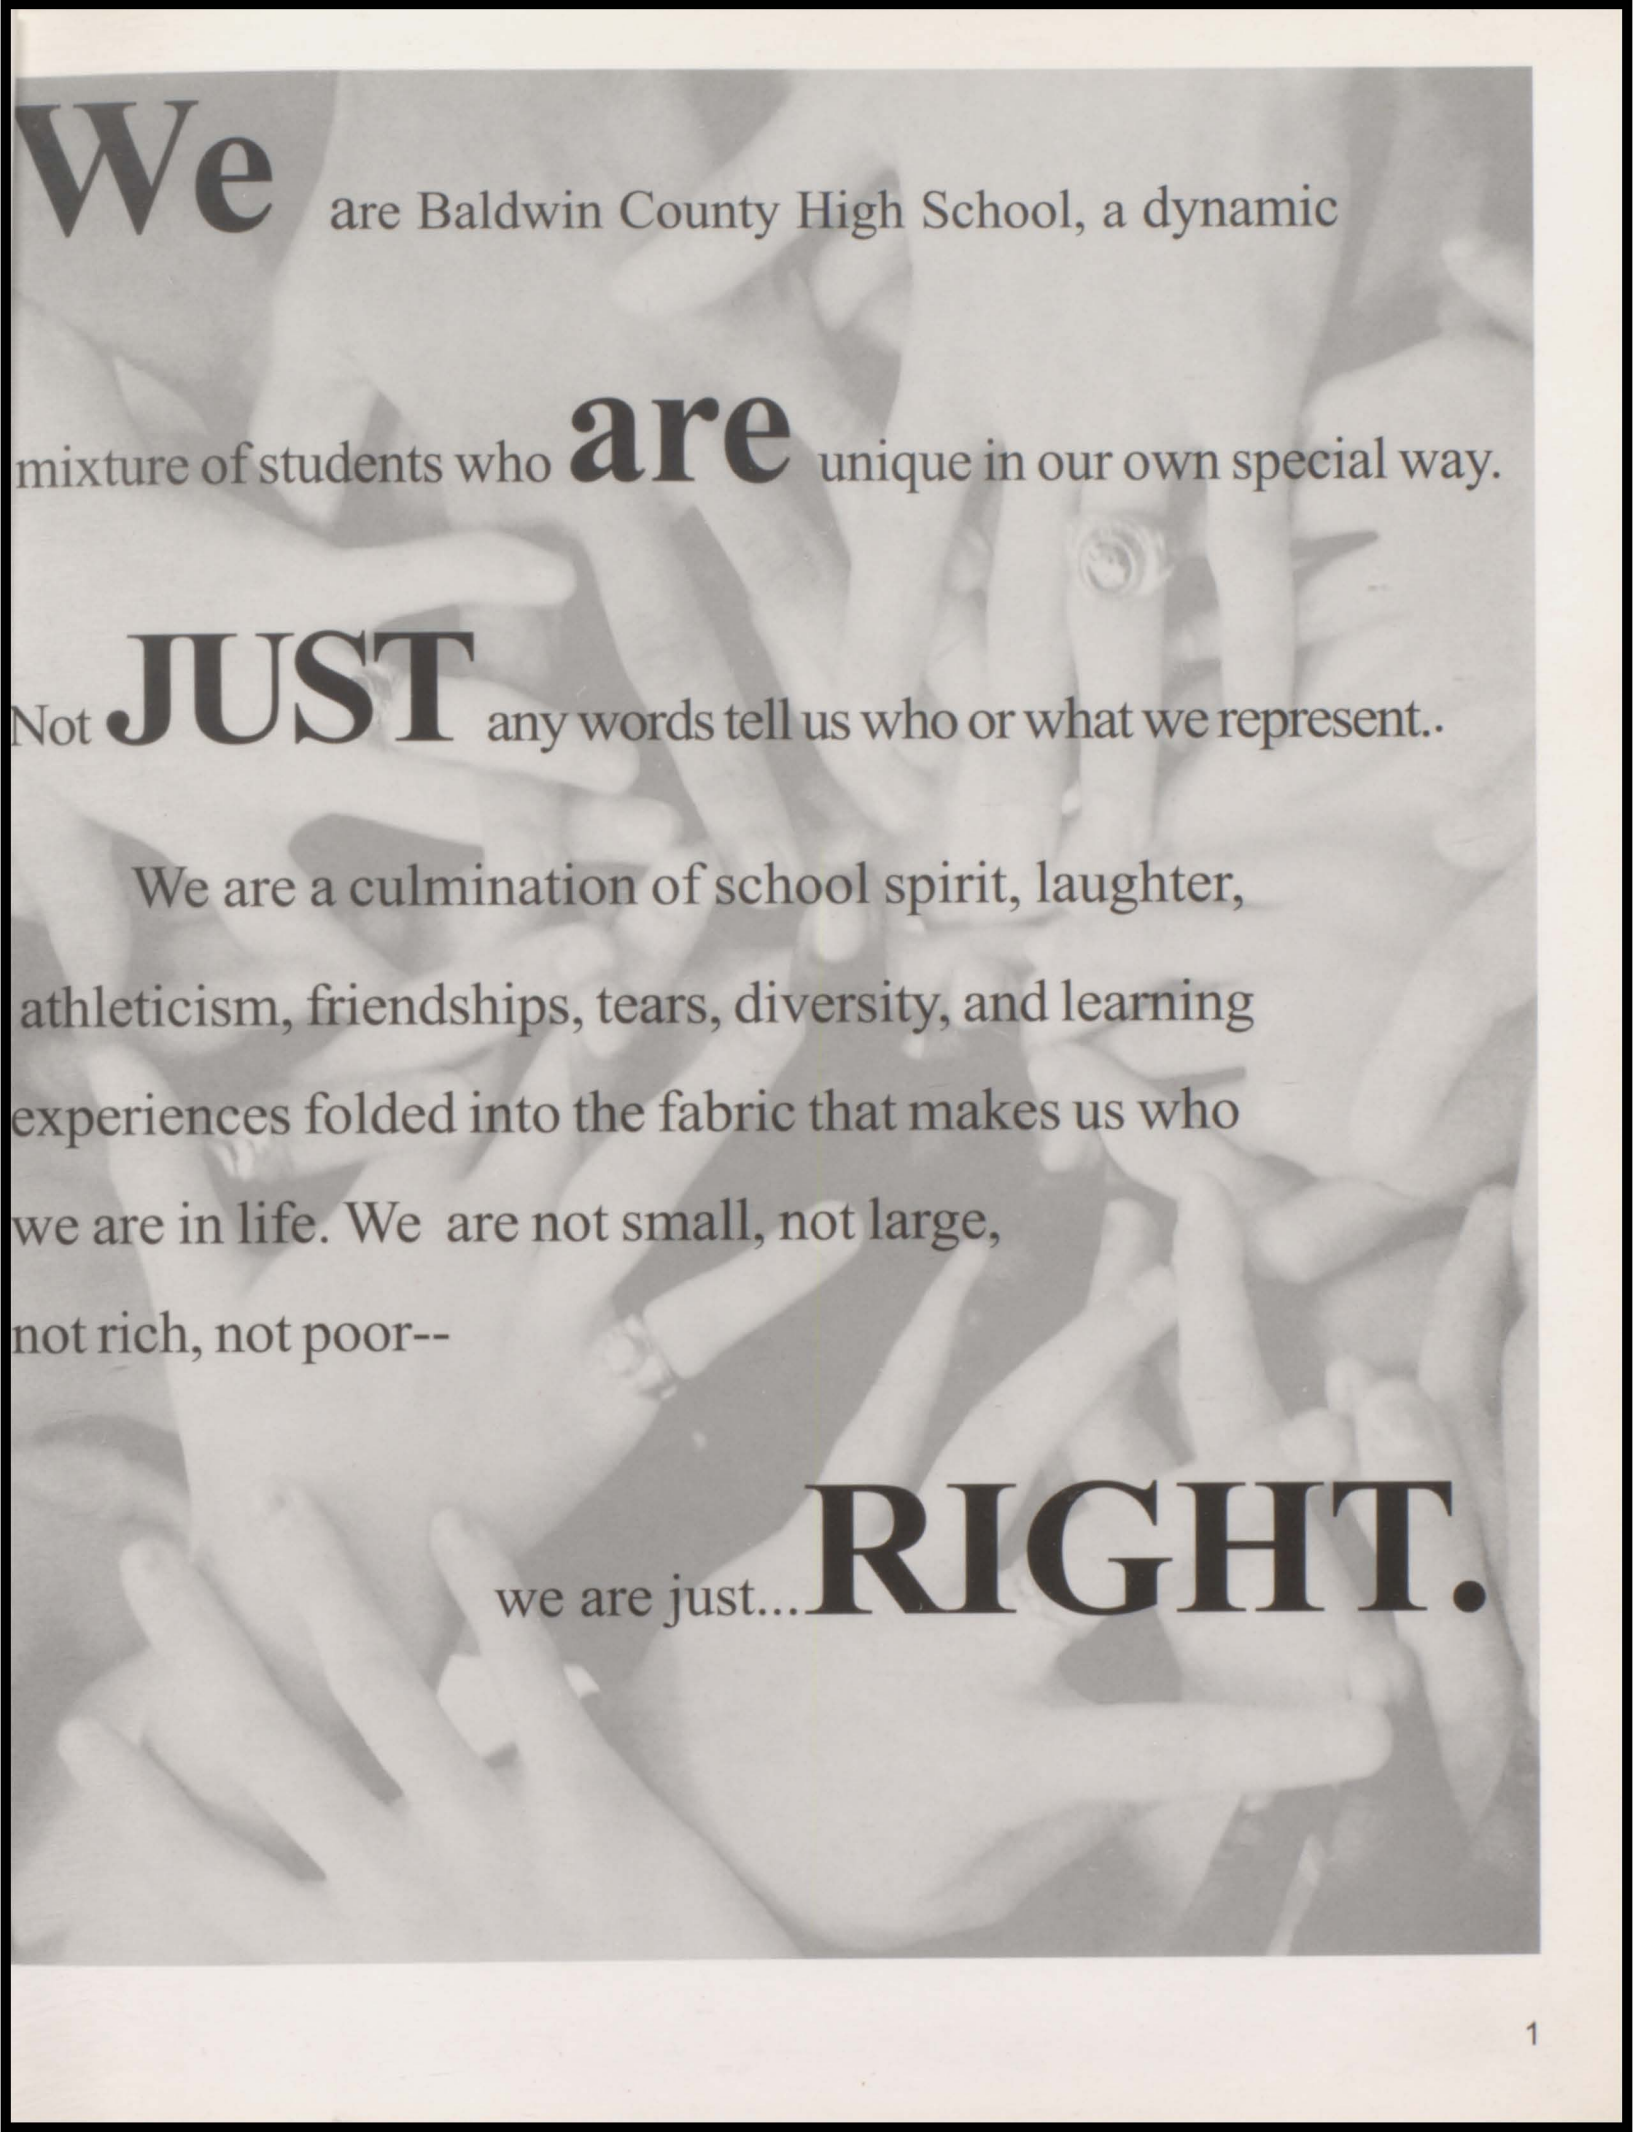

**We** are Baldwin County High School, a dynamic  
mixture of students who **are** unique in our own special way.

Not **JUST** any words tell us who or what we represent..

We are a culmination of school spirit, laughter,  
athleticism, friendships, tears, diversity, and learning  
experiences folded into the fabric that makes us who  
we are in life. We are not small, not large,  
not rich, not poor--

we are just... **RIGHT.**

# Friends Are Forever

## Friends

A friend is someone we turn to  
when our spirits need a lift,

A friend is someone we  
treasure

for our friendship is a gift.

A friend is someone who fills  
our lives

with beauty, joy, and grace

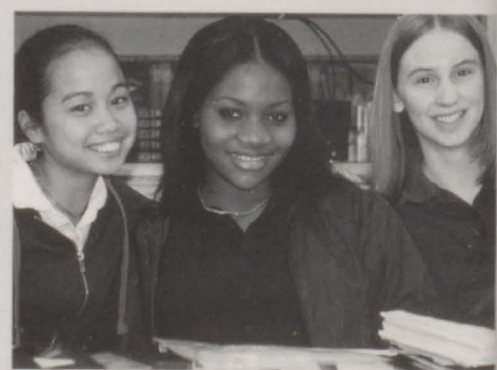

And makes the whole world  
we live in

a better and happier place.

- Jean Kyler McManus

# We've Got Spirit

Spirit is more than just tiger paws and painted faces. Spirit is the time spent making posters, the sore throat one has all weekend because they screamed so loud at the pep rally on Friday. It's the willingness to show up in the pouring down rain to support the football team, the rage one gets when rivals taunt the fans, the simplicity of buying a spirit ribbon and wearing it with pride. It's putting oneself on display in front of everyone to get the crowd going. From the first day of school to the last day of class, students at Baldwin County High School always find a way to show their spirit!

**Above: Ready? Ok!... Dana Austin** leads the JV Cheerleaders in their first pep rally of the year **Left: Splash! Splash!... Sharon Porter** splashes in the puddles before a rainy football game. **Right: Keeping Dry... *What is your favorite thing about pep rallies?*

*Seeing everybody make a fool of themselves showing their tiger pride.*

# Class Floats

For the entire week before Homecoming, students from every class participate in building their class float for the Homecoming parade. This year's theme was "A Paws in Time" and each class was assigned a decade, which ranged from "The Future", which the Seniors were assigned, on down to "The 70s", which belonged to the Freshman. Even though all of the floats could not win first place, the final results were worth all of the time and effort put into them.

# Homecoming Maids

Although many people think being on the homecoming court is simply a social position, but it involves so much more. Each young lady must first undergo the process before they may hold the title of homecoming maid. They must prove themselves to be academically and ethically upstanding. Once all the applications were in, the student body voted by class. The Freshmen, Sophmores, and Juniors each had three maids. The Seniors had six maids. Of these six maids, one was to be selected to hold the crown. The Queen and her maids hold, now and forever, the titles of Homecoming Queen and Maids.

# Sadie Hawkins Dance

The Sadie Hawkins Dance resulted from an event that occurred in a comic strip. It debuted in a strip by Al Capp called Li'l Abner on November 15, 1937. In the strip a girl name Sadie Hawkins was the ugliest, homeliest girl in the town. Her father was afraid that she would never marry, so he began the first annual Sadie Hawkins Day. On that day unmarried girls would chase bachelors throughout the town until one girl caught one guy and married him. From that strip the concept of a Sadie Hawkins Dance was conceived. It has been a great wonder how a simple event should create a high school event that would sweep the nation then and now. That event would now sweep into our school to create the first annual Sadie Hawkins Dance.

# People

All different types...

Each student resembles a different culture, outlook, and personality on the developing life.

# LIVES OF THE BCHS FACULTY

Though many overlook it, the faculty of Baldwin County High School have very demanding jobs. Aside from the challenge of teaching teenagers, they must deal with all the strings attached to teaching. They are always doing something for their students: grading papers, making lesson plans, helping with projects, attending workshops, and much more behind-the-scenes work. However, through all this work, the faculty of BCHS still manages to find time to have fun. The faculty of this school dedicates much of its time to the students, so we dedicate this page to the faculty of BCHS.

# The Senior Class of 2003

is a long awaited title the few and the proud here at Baldwin County High School hold this year. This title is held sacred by the 263 students that it is bestowed upon. Being a Senior is about showing off all you have gained in school over the last 13 years and about preparing yourself for the rest of your life. Suddenly, you find yourself saying "what am I doing" instead of "what do I want to do when I grow up". You ask "where am I going" instead of "are we there yet." Each day you realize you are one day closer to the "real world" that you have been warned about all your life.

As the moments pass, you learn to appreciate every second you have with your friends as you realize soon there will be a day when you will leave these friends to make new ones in college or the workplace or wherever you may go. For 13 years, we have looked ahead to that wonderful day when we will walk across the field and receive our diploma. Now, here we stand about to reach that moment and we look back at all the years that then seemed to last forever but now seem like only moments. We look back at what is said to be the best years of our life. We remember those special firsts: the first day of high school, the first date, the first car, the first day we felt like seniors, and the first time we got caught skipping school. We look back at the fun times we had as seniors: the excitement of winning pep rallies, the fun of asking a freshman what grade they are in even though you already know, the good times spent with friends, spring break, and that moment at graduation when you stood with all your classmates as you were announced to be the Senior Class of 2003.

# Sports

## Win or Lose...

Playing a sport is a skill that displays the ability to humbly win or graciously lose. Whether they are number one or they just try their best, the athletes here at Baldwin County High School put forth the time and effort to become the best at their sport. A sport becomes more than a hobby or a job, it becomes a lifestyle. A dedicated athlete breaks personal times and defeats the opponent. These athletes work hard under the conditioning and training of their coaches. In turn, these coaches work equally as hard to prepare our fellow students for victory.

The competitive drive of our student body places sports as a very high priority. The competition faced by our fellow athletes is a trial of skill and ability. Each athlete has to compete against themselves before walking onto the field or diving into the water. This self-inspired competition is what drives our athletes to do the best they can under any circumstance.

# Varsity Football

Varsity Football here at Baldwin County High School is more than just a popular sport. To all who attend this school, football is about pride and school spirit. For the players, it is the respect they receive from wearing their jersey's on game days. For the coaches, it is the bragging rights they are entitled.

For the fans, it is about driving an hour home after attending the Vigor game. It is waking up with a sore throat from cheering all night. For all involved, the sport of football at Baldwin County High School means going to the games in rain and heat, home and away games, and passionately showing their tiger pride.

# Junior Varsity Football

The Junior Varsity Football team had a wonderful season this year. They worked hard to prove to themselves that they are worthy of wearing the tiger jersey. Their hard work paid off with a record of 4:1. The ones who really proved to Coach French they had what it took, were able to play with the Varsity team on Friday night.

The Freshman Football team had a perfect season with a 7-0 record. The guys worked really hard at practice everyday and at game time, their hard work paid off. # Varsity Volleyball

Everyone knows that in order to be a successful team, every person on the team needs to contribute something, whether it is the awesome serve, the forceful spike, or the support shown on the bench. Like a puzzle with every piece needed to be complete, every player brings something to the court to be a complete working unit. An excellent example is the Baldwin County High School Varsity Volleyball team. They had a great season under the leadership of Coach Klene.

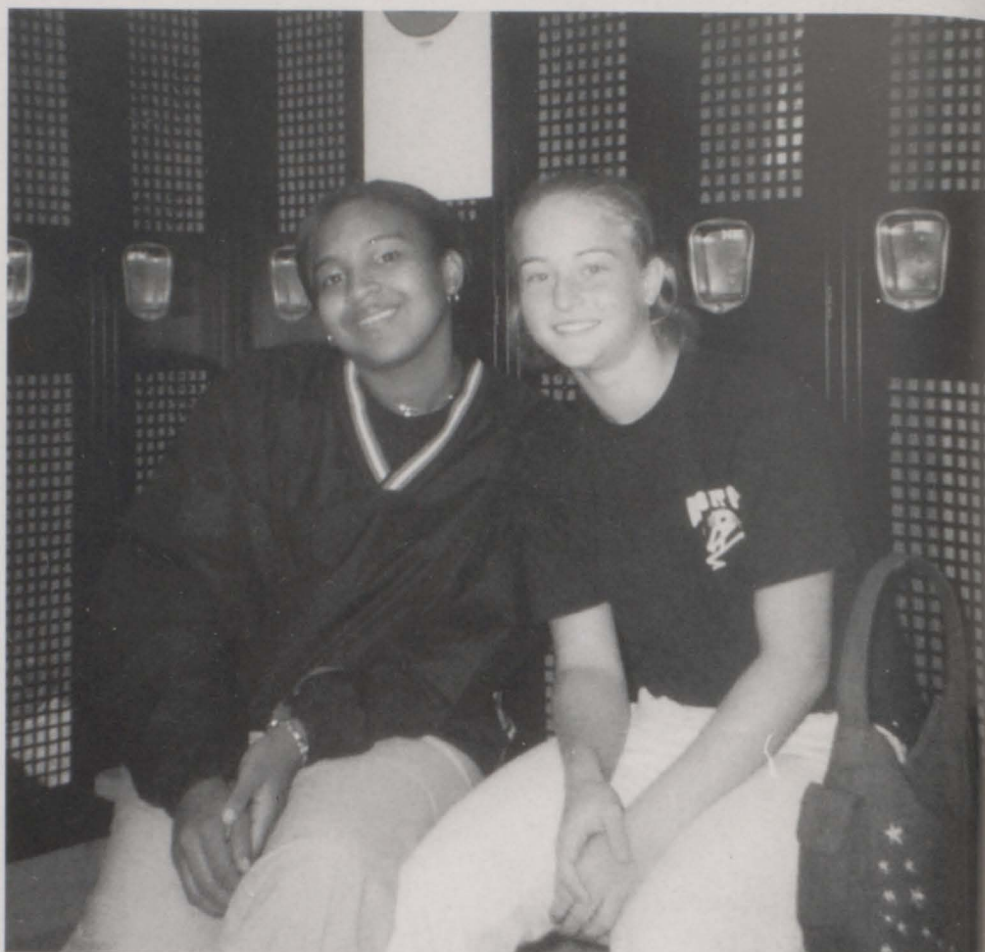

Above Right: Get Ready... Amanda Caldwell bounces the ball to get ready for a serve. Right: Go, Team, Go... Leslie Hargett, Laura Langham, Cassandra Demko, Shyann Hall, Ashley Johnson and Haley Thomley wait for the game to start. Left: Say Cheese... # Junior Varsity Volleyball

The Junior Varsity Volleyball team had a record of 3 wins and 13 losses this year. Although the team did not have a winning season, our Lady Tigers worked hard, and dedicated time and effort to the sport of volleyball. They gained long-lasting friendships with their teammates and their coach, Ms. Caroline Valentino. In areas where one person failed, others found strengths. Even though this record is not impressive, the Tigers improved in many aspects of the game. The Baldwin County High School Lady Tigers expect a successful season next year!!!

Above: Time Out...Chelsey Gross looks on the court for a quick score on the Daphne Trojans.

Right: Surprise!!! Megan Kendrick glances at the bench for a little more edge in the game.

# Junior Varsity Cheerleading

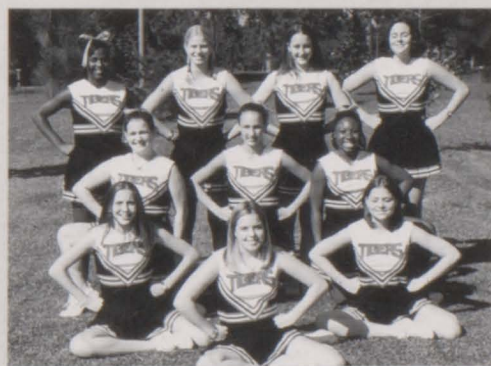

The definition of a cheerleader is being a leader of cheers, as in cheering at a varsity football game. However, at Baldwin County High School, the Junior Varsity cheerleaders did a wonderful job cheering the Junior Varsity football team to victory.

Here are a few words from the sponsor, Ms. Childs: "Each game the Junior Varsity cheerleaders worked hard to perfect their cheers and building stunts, under the dedicated leadership of Dana Austin and Mary Kate Owen. The squad Rocked!"

# Swimming

Swimmers, take your block...

The swim team here at Baldwin County High School has been preparing throughout the year to come face to face with their opponents in many area swim meets. All the hard work and dedication put into this sport paid off while personal times and goals were broken. This year's swim team surely got their stuff together. They took home victories with special help from Mr. Tim Turpen.

# Cross Country

Cross Country is a challenging, but rewarding sport. Running five kilometers through the woods, up the hills and down the roads is the easy part. It is the mud that pulls off your shoes, the rain that blinds you as you run, and the wind that freezes your lungs, that provides the challenge that the cross country runners thrive on. This year, the Baldwin County High School cross country team ran, often in rain, and showed what tiger spirit is.

# Electives

## Complete Dedication...

Some people believe that high school is only eight hours a day of book classes, Monday through Friday, as well as studying and loads of homework. Although this is true, there is much more students are involved in to make his or her high school career, a true career. This kind of involvement at Baldwin County High School includes clubs, organizations, and classes that take hard work, long hours, and an enormous amount of dedication.

These different organizations give the students who are involved in them the advantage of experiencing different things that in some way shape each person's life in the future. Whether one is undecided or has his or her mind made up about their career, these programs give the students a little taste of what their future may hold.

# Electives

Electives are classes that are optional rather than obligatory. These classes enhance the typical core curriculum of Baldwin County High as well as expand the learning experience for many students. Classes like French, Cheerleading, and Art give students chances to learn things outside the math and history. Electives are a vital part of the curriculum at Baldwin County High School.

## SENIORS THROUGH THE YEARS...

The title "Seniors" holds a special meaning to those that it is bestowed upon. All our school days we dream of being a senior, though once we are there, all we want to do is look back through the years. We strive to remember old memories of our friends and to make new ones before we set out on the adventure of life. Many of us have gone through changes, each growing in our own way.

From the time we were born, our parents have been there taking pictures. There are the serious ones and the ones that are so embarrassing we've hidden them in the bottom of our closets. There are the ones of everything from our first steps, and our first school dance, to our first date, and our first vehicle. There pictures of everything from the first day of school through our senior graduation. Over the years we have grown closer and made unforgettable memories that will be forever with us, no matter how far apart we may be. Through all of this, there is one thing to remember, we, now and forever, are the Seniors of 2003.

# "Born to Fly"

Sara Evans

My daddy, he is grounded like the oak tree  
And my mom, she is steady as the sun  
Oh, you know I love my folks  
But I keep staring down the road  
Just looking for my one chance to run

Yeah, cause I will soar away like the blackbird  
I will blow in the wind like a sea  
I will plant my heart in the garden of my dreams  
And I will grow up where I wander wild and free

Oh, how do you wait for heaven  
And who has that much time.  
And how do you keep your feet on the ground  
When you know that you were born  
You were born to fly

Brigitte,  
That Moment which is eternal and is gone in a second. Had God sent me an order form and I could have asked for any qualities in a daughter; I would have never had the imagination to ask for what I get in you. It has been our pleasure& joy watching you mature into a beautiful, kind, person you are. You have maturity beyond your years. It has been a delight knowing that you stand up for your own beliefs. You are our daughter, friend and sis .

Love,  
Susan, Dwayne, Weston

Ashley-

It has been joy over the years to watch you grow into the beautiful, young lady which you have become. With the spirit of an adventurer and the heart of an angel, you can achieve all of your dreams. So, keep smiling that beautiful smile and never lose sight of the path you chose. We wish you Godspeed on your journey of life.

With All of Our Love,  
Mama, Daddy, and Coleman

Brigitte,  
We've been through alot friends and I hope we always will be. Keep your head up and follow your heart.

## Michael Rollins

God blessed us a long time ago  
With Michael who we love so.

When he was a small boy  
He loved playing in the dirt with toys.

He grew up spoiled by Granny  
Most people know her by Minnie.

He use to cry when we went to the deep.

He has grown up over the years  
And overcome most of his fears.

Now he is able to drive  
So him and his best friend Jacob just ride.

Him and Jacob go fishing every Saturday

Then they go to the drag way.

Every Sunday he goes to church to pray  
Then he rides four-wheelers the rest of the day.

Michael has brought our lives so much joy

But he will always be mama's little boy.

We can't believe you've grown up so fast. You have made us  
very proud, you'll always be our little boy. We love you,  
Mama, Phillip, and Jennifer

## *Willie Jeanette Vervalin*

Life has dealt some hard blows for you  
But trusting in God, you'll make it through.  
The death of your dad when you were quite young  
Then your mom took the reins, and an adventure begun.

Grades K-4 were one-on-one  
As your mom home-schooled, and made it lots of fun.  
With trips to the library, fire station, city hall  
To farms, parks, zoos, and also the mall  
Then a move to Alabama and public school  
Stapleton Elementary was really quite "cool"  
Bay Minette Middle, Baldwin High also  
Have prepared you for College on to go.  
In a tragic accident God called your mom home  
Leaving you an orphan and quite all alone.

But your faith, courage, and strength, through this time of grief  
And your academic achievements, are just beyond belief.  
I know your mom and dad would be pleased so much  
And we would hear their loving words as such  
"Congratulations, dear one, we're so very proud of you."  
Granddaughter, my heart swells with pride, too.

I love you,  
Grandmama

# Mary SuzAnne Presley

Mary,

YOU MADE IT!!! Our beautiful, brown-eyed girl, we are so proud of you. We thank God everyday you were given to us. As you look to the future remember these words of Darwin P. Kingsley: "You have powers you never dreamed of. You can do things you never thought you could do. There are no limitations in what you can do except the limitations in your own mind as to what you cannot do. Don't think you cannot. Think you can."

We love you,

Moma, Daddy, and Faron
