To Whom It May Concern,

May 2nd 2013

We at Northcutt Dental are thankful to be a part of the Bay Minette community. We purchased the Practice from Dr. Jennifer Glass and have greatly increased the size of the staff by hiring local individuals, and have more than double the amount of new patients being seen at this site. We greatly appreciate the community support.

We are hoping to use our electric message center in Bay Minette as we do at our other two locations. Northcutt Dental respectfully requests that we be able to have up to four clips with a still picture that scrolls every ten seconds with a non animated non flashing picture and message. This will mimic what we are doing in our Fairhope and West Mobile locations. Our goal is to build this practice up to the point where it can sustain another doctor and additional staff members. Thank you for help with this matter.

Professionally,
