As a pilot program, Section 9.8.3 has an automatic sunset and shall only be effective for 48 months from the date of adoption by the City Council. A plan for the closing of the facility and reclamation of the site, including how structures and equipment will be removed; how trash and construction debris will be removed; how concrete footings and foundations will be removed or buried; how the sewage disposal system will be removed and disposed of; how the site will be graded and re-

contoured to blend into the surrounding topography; how topsoil will be replaced and the site seeded with an appropriate seed mix to establish sufficient cover to stabilize the site and prevent erosion, and how unneeded access roads will be re-graded and re-vegetated. Alternatively, if the TUP was issued pursuant to Section 9.8.3.4(b), the Operator agrees that all recreational vehicles will be removed from the site on or before the expiration of the TUP.

- d.) An irrevocable surety bond shall be submitted to the City Administrator in an amount equal to an engineer's estimate of the cost of removing, demolishing and disposing of such Facilities following termination of the use in accordance with the approved plan and shall be held for the duration of the Temporary Work Force Housing Facility operation. The amount of the bond may be reviewed by the City Council on an annual basis and adjusted if needed.

9.8.3.9 Term. A Temporary Use Permit for a Temporary Housing Facility approved in accordance with this Article shall be valid for a period of one (1) year, and is renewable in one (1) year increments upon submittal of a request for an extension and approval in accordance with the provisions of this Article. The request for an extension must also include a written narrative describing the Facility, its compliance with the requirements contained herein and any conditions placed upon it and demonstrate the continued need for the Facility. In no case shall a Temporary Use Permit or Renewal extend beyond the sunset provisions of Section 9.8.3.

9.8.3.10 Revocation and Modification. TUPs may be revoked or modified by the zoning authority if the temporary use or activity fails to comply with the criteria for issuance or any conditions imposed by the City Council.

9.8.3.11 Operation and Maintenance. The Operator of Temporary Work Force Housing shall comply with the following requirements:

- a.) The Operator shall obtain all necessary permits and licenses required by the zoning, permitting and access authority jurisdiction, including a permit for Temporary Work Force Housing.
- b.) The Operator shall maintain accurate records of all occupants of the Temporary Work Force Housing, including their names, addresses, and employment information.
- c.) The Operator shall maintain the Temporary Work Force Housing Units in a clean and sanitary condition, and shall provide regular cleaning and trash removal services.

- a) The applicant shall provide a written plan and agreement setting forth how the Facility will be dismantled, and the area restored to an unoccupied condition. The Temporary Housing Facility and any associated structures, Housing Units and infrastructure must be removed from the site within ninety (90) days of closure. Within ninety (90) days after the removal of the Facility is complete, a reclamation report shall be submitted to the City Planner indicating that the site was reclaimed as set forth in the approved reclamation plan. In the event that the site is not restored in accordance with the approved plan, the City Council may call on the surety bond to complete the restoration in a satisfactory manner.
- b) For Temporary Work Force Housing Facilities which are permitted as part of an existing Manufactured/Mobile Home Park or Recreational Vehicle Park under Section 9.8.3.4(b), the applicant shall provide a written plan and agreement setting forth how the Temporary Housing Units will be removed from the site. Within ninety (90) days after the removal of the Facility is complete, a reclamation report shall be submitted to the City Planner indicating that the site was reclaimed as set forth in the approved reclamation plan. In the event that the site is not restored in accordance with the approved plan, the City Council may call on the surety bond to complete the restoration in a satisfactory manner. Infrastructure installed as part of the Temporary Work Force Facility must be removed from the site and the property

restored to a state consistent with the Manufactured Home Park or Recreational Vehicle Park use existing prior to the development of the Facility unless the zoning authority determines the following:

- 1) Allowing the TUP infrastructure to remain promotes the purpose and intent of the Zoning Ordinance and provides an overall benefit to the general health, safety and welfare of the residents of the City; and,
- 2) Allowing the TUP infrastructure to remain does not confer on the applicant any special privilege that is denied by this ordinance to other citizens or other uses, lands, structures, or buildings in the same district; and,
- 3) Due to the existence of the infrastructure:
  - a. The existing use has become compliant with the zoning district requirements and other applicable City regulations; or
  - b. The existing use will become substantially non-compliant due to the removal of the infrastructure; or
  - c. The infrastructure substantially decreases the nonconformity of the Manufactured Home Park or Recreational Vehicle Park use existing prior to the development of the Temporary Work Force Facility.

9.8.3.13 Enforcement and Penalties. Violation of any provision of this ordinance shall be a violation of the Zoning Ordinance and shall be subject to the penalties provided therein. In addition, the zoning authority may revoke the permit for the Temporary Work Force Housing if the Operator fails to comply with any provision of this ordinance.

9.8.3.14 Compliance. The City Council, at its discretion, may require a bond or other financial guarantee to ensure that all essential facilities and services are provided. In the event the Developer or Operator fails to provide the essential services and facilities required, the Temporary Use Permit shall be revoked and the Facility ordered to vacate. These remedies are in addition to the remedies provided in this ordinance for failure to comply with the zoning requirements.

9.8.3.15 Consistency. To the extent that language in Section 9.8.3 is inconsistent with other City ordinances, the provisions of Section 9.8.3 shall control.
