B. Grantee agrees to comply with all applicable codes and ordinances of the Franchising Authority with respect to construction within a Public Way that are not inconsistent with the terms and conditions of this Franchise and shall obtain all necessary permits and licenses required by federal, state, and Franchising Authority law, ordinances and rules as required of other like users of the Public Ways, before commencing construction in the Service Area. underground, including but not limited to rights-of-way, the Grantee shall construct, operate, and maintain its services underground.

N. The decision of when and where to construct its Facilities is within the discretion of Grantee, subject to the terms of this Agreement, as is the determination of what Services to provide and where to provide them within the Franchising Authority during the Term, so long as such determinations are made in a nondiscriminatory manner and in compliance with all applicable laws and regulations. Grantee agrees to provide Services, as requested by Franchising Authority, to all Franchising Authority's public buildings, with the cost of such Service at standard municipal rates to be deducted from payments owed to Franchising Authority hereunder, if Grantee is providing services in the Service Area in which a Franchising Authority building is located.

O. Throughout the Term of this Agreement, provided Grantee complies with the foregoing requirements, Grantee shall be entitled to expand and upgrade its Telecommunications System as it deems reasonably necessary. All expansions and upgrades shall comply with the terms of this Agreement.

3.2 **Relocation of Facilities.** Whenever the Franchising Authority shall grade, regrade, or change the line of any street or Public Way or construct or reconstruct any sewer or water system therein and shall, with due regard to reasonable working conditions, order Grantee to relocate or protect its Facilities located in said street or Public Way, Grantee shall relocate or protect its Facilities at its own expense; provided, however, if the Franchising Authority compensates any Person for similar work then Grantee shall be similarly compensated.

3.3 **Relocation for the Franchising Authority.**

Whenever the City shall grade, regrade, or change the line of any street or Public Way or construct or reconstruct any sewer or water system therein and shall, with due regard to reasonable working conditions, order C Spire to relocate or protect its Facilities located in said street or Public Way, C Spire shall relocate or protect its Facilities at its own expense; provided, however, if the City compensates any Person for similar work then C Spire shall be similarly compensated. Further, where the City has determined that the location of C Spire's Facilities is unsafe, interferes with traffic control devices, or otherwise may be harmful to the public health, safety, and welfare as determined in the reasonable judgment of the City, C Spire shall move such Facilities to an alternate location as directed by the City. The City shall give C Spire reasonable notice of plans to grade or change the line of any street or Public Way or to construct or reconstruct any sewer or water system therein or of any demand that the Facilities be relocated for the reasons set forth herein. C Spire may also be required to relocate its Facilities where public utilities or other users of the Public Way require access; provided, however, that nothing herein shall be construed as a waiver of C Spire's rights under applicable law. Any such movement shall be at the expense of the

third party. With respect to location of its existing public utility lines, the City agrees that during the period of C Spire's installation of fiber optic lines pursuant to this Agreement, the City will locate all City public utility lines as required by Alabama's 811 laws. It shall be the duty of C Spire or its contractor(s) to request the City to locate the public utility lines.

3.5 **Damage to Existing Utilities.** Grantee hereby agrees that (a) during the installation process, and (b) at any time after such installation, Grantee will immediately notify the appropriate utility provider in the event that Grantee, or any of its related entities, employees, agents or contractors damages a utility line, including private service lines. Provided that the party owning the lines has complied with Alabama's 811 law and regulations then any repairs to such utility lines and private service lines must be made immediately, and at Grantee's sole expense, and shall only be made by appropriately licensed and bonded contractors.

3.6 **Safety Requirements and Compliance with Codes.** All Construction, operation, and maintenance of the Telecommunications System or of any Facilities employed in connection therewith shall be performed in an orderly and workmanlike manner. To that end, all construction, installation, maintenance, and operation of the Telecommunications System and Services or of any Facilities employed in connection therewith shall comply with the provisions of the National Electrical Safety Code as prepared by the National Bureau of Standards, the National Electrical Code of the National Council of Fire Underwriters, any standards issued by other federal or state regulatory agencies in relation thereto, and local zoning regulations. Grantee shall comply with ordinances, rules, and regulations established by the Franchising Authority pursuant to the lawful exercise of its police powers and generally applicable to all users of the Public Way, provided that such ordinances, rules or regulations are not inconsistent with the terms of this Franchise. Franchising Authority reserves the right to lawfully exercise its police powers in a manner that does not violate this Franchise Agreement.

3.7 **Underground Construction.** In those areas of the Service Area where all the transmission or distribution facilities of the respective public utilities providing telephone communications and electric services are underground, the Grantee likewise shall construct, operate, and maintain its Telecommunications System and Services underground. Nothing contained in this subsection shall require the Grantee to construct, operate, and maintain underground any ground-mounted appurtenances.

3.8 **Least Disruptive Technology.** The Grantee is encouraged to perform construction and maintenance of the System in a manner resulting in the least amount of damage and disruption to the rights-of-ways. The Grantee will be required to use trenchless technology for any portion of construction or maintenance projects which lie beneath the paved or improved portion of any roadway to which this Agreement applies, unless otherwise approved by the Franchise Authority. The Franchise Authority may require trenchless technology in other locations, where circumstances prevent or make open-cut methods impractical. The Grantee may use either the open-cut method or trenchless technology for construction outside the paved or improved portion of any roadway to which this Agreement applies.

**SECTION 4**  
**Regulation by The Franchising Authority**

4.1 Franchise Fee. When and if Grantee provides local Telecommunications Services to Subscribers within the Franchising Authority, Grantee shall pay the Franchising Authority a franchise fee equal to (i) five percent (5%) of the Gross Revenue from sales of local Telecommunications Services to Subscribers located within the Franchising Authority, and (ii) when and if Grantee provides Video Services to Subscribers located within the Franchising Authority, a video services franchise fee equal to the lesser of: (A) five percent (5%) of Gross Revenues received by Grantee from sale of the Video Services to Subscribers within the Franchising Authority; and (B) the lowest percentage payable by a third party provider of Video Services to Subscribers within the Franchising Authority (collectively, the "Franchise Fee"). The payment of the Franchise Fee shall be made on a quarterly basis and shall be due and payable no later than forty-five (45) days after the last day of each March, June, September and December throughout the Term of this Agreement. Each Franchise Fee payment shall be accompanied by a certified report from a representative of Grantee, which shows the basis for the computation of all Gross Revenues from providing local Telecommunications Services and Gross Revenues received by Grantee from sale of the Video Services to Subscribers located within the Franchising Authority limits during the period for which such Franchise Fee payment is made. If the Franchise Fee payment is not actually received by the Franchising Authority on or before the applicable due date set forth in this Section, interest shall accrue on the outstanding amount at the lesser of one percent (1%) per month or the highest rate allowed under Alabama law for the period of delinquency.

A. Discounted Rates. If Subscribers are offered what is, in effect, a discount for "bundled" services (i.e. Subscribers obtain Video Services and some other non-video goods or service) then for the purpose of calculating Gross Revenues, the discount shall be applied proportionately to Video and non-Video goods and services, in accordance with the following example:

Assume a Subscriber's charge for a given month of Video Service alone would be \$40, for local telephone service alone would be \$30, and for high speed internet service alone would be \$30, for a total of \$100. In fact, the three (3) services are offered in effect at a combined rate where the Subscriber receives what amounts to a twenty percent (20%) discount from the rates that would apply to a service if purchased individually (i.e. \$80 per month for all three (3) services). The discount (here, \$20) for Gross Revenue computation purposes would be applied pro rata so that the Gross Revenue for Video Service are deemed to be \$32 (\$40 less 20% of \$40). The result would be the same if the Subscriber received a \$20 discount on telephone service on the condition that he or she also subscribes to Video Service at standard rates.

In no event shall Grantee be permitted to evade or reduce applicable Franchise Fee payments required to be made to Franchising Authority due to discounted bundled services.

B. Audit. During the Term of this Agreement, once every twelve (12) months and upon reasonable prior written notice, during normal business hours, the Franchising Authority shall have the right to inspect Grantee's financial records used to calculate the Franchising Authority's Franchise Fee, and the right to audit and to re-compute any amounts determined to be payable under this Section at Franchising Authority's expense;

provided, however, that any such audit shall take place within two (2) years from the date Franchising Authority received such payment, after which period any such payment shall be considered final. If Franchising Authority believes it is owed any additional compensation from Grantee it will give Grantee notice of same along with a calculation of the additional amount. The Parties shall work together in good faith to resolve the matter. Any additional amounts due to either Party shall be promptly paid within thirty (30) days following resolution of the payment dispute.

C. Limitation on Franchise Fee Actions. The period of limitation for recovery by the Franchising Authority of any franchise fee payable hereunder shall be two (2) years from the date on which payment by the Grantee is due to the Franchising Authority.

#### 4.2 Public, Education and Government Access Channel.

A. PEG Access Channel. At any time after Grantee begins to offer Video Services on a commercial basis to Subscribers within the Franchising Authority, the Franchising Authority may request Grantee to provide the Franchising Authority one (1) video channel for noncommercial PEG Access use. Grantee shall provide the PEG Access channel within ninety (90) days of Franchising Authority's request.

B. Regulation of PEG Access Channel. The Franchising Authority shall establish reasonable regulations governing use by the public of the PEG Access channel and the content broadcast over the channel. Grantee shall have the right to prohibit the broadcast of inappropriate or illegal programming over the channel in its sole reasonable discretion and in accordance with applicable law. The Franchising Authority shall be solely responsible for all costs, expenses, and equipment necessary for and related to producing or transmitting content over the PEG Access channel. Grantee shall have no obligation, financial or otherwise, other than the obligation to provide access to one video channel for noncommercial PEG Access use.

C. Return of PEG Access Capacity to Grantee. In the event that unused capacity exists on the PEG Access channel, Grantee may request the Franchising Authority to return that capacity to Grantee for Grantee's use. The Franchising Authority shall not unreasonably deny such request.

4.3 Transfer of Franchise. The franchise granted by this ordinance is a privilege which is personal to the original Franchisee. The Grantee's right, title, or interest in the Franchise shall not be sold, transferred, assigned or disposed of, in whole or in part, either by sale, merger, consolidation, or otherwise, without prior consent of the City Council expressed by resolution. Any such transfer or assignment shall be made only by an instrument in writing which shall include an acceptance of all terms and conditions of the franchise by transferee, a duly executed copy of which shall be filed with the City Clerk of the Franchising Authority within thirty (30) days after such transfer or assignment. The transfer of Ownership or Control pursuant to this section shall not be deemed to waive any rights of Franchising Authority to subsequently enforce noncompliance issues relating to this Agreement even if such issues predated the transaction, whether known or unknown to Franchising Authority.

D. The consent of the City Council to any proposed transfer shall not be granted until it has examined the proposed assignee's, legal, financial, technical, character and other qualifications to construct, operate and maintain a Telecommunications System in the Service Area and has afforded all interested parties notice of an opportunity to be heard on the question.

E. The consent of the City Council shall not be arbitrarily refused; provided, that the proposed assignee possesses the requisite qualifications and agrees in writing to comply with all provisions of the franchise in this ordinance.

F. No such consent shall be required for a transfer:

- (1) As security for indebtedness, of system assets by mortgage or by other hypothecation, to secure an indebtedness;
- (2) To a wholly-owned subsidiary of Franchisee.

4.4 **Books and Financial Records.** Throughout the Term of this Agreement, Grantee agrees to keep such books and records regarding the operation of the Telecommunications System and the provision of Telecommunications Services in the City as are reasonably necessary to ensure Grantee's compliance with the terms and conditions of this Agreement. Such books and records shall include, without limitation, any records required to be kept in a public inspection file by Grantee pursuant to the rules and regulations of the FCC. All such documents pertaining to financial matters, which may be the subject of an audit by the Franchising Authority shall be retained by Grantee for a minimum period of three (3) years; provided it is understood that Grantee only retains call records for eighteen (18) months.

## SECTION 5 Customer Practices

5.1 Grantee will comply with the Federal Communications Commission customer service standards set forth under 47 C.F.R. 76.309(c)(1), (2)(ii)-(v), (3)-(4). Franchising Authority acknowledges that due to the nature of the equipment and underground fiber installation practices of Grantee which differ substantially from that of traditional cable television service providers, compliance with 47 C.F.R. 76.309(c)(2)(i) is not practicable or required.

The Franchising Authority shall provide the Grantee at least ten (10) days prior written notice of such hearing, which specifies the time, place and purpose of such hearing, and provide the Grantee the opportunity to be heard. The written notice should also include whether the City intends to request termination, and, if termination is to be requested, shall cite the provisions of the Agreement under which termination is sought.
